# Grass Killer

# **Postemergence Grass Herbicide**

- Systematic Selective Herbicide Kills Weedy Grasses Without Injuring Desirable Plants.
- Controls: Bermudagrass, Crabgrass, Foxtails, Quackgrass And many other Weedy Grasses.
- Concentrate Makes 8 Gallons of Spray Solution.

# **ACTIVE INGREDIENT:**

\*Equivalent to 1.5 lbs sethoxydim per gallon.

# KEEP OUT OF REACH OF CHILDREN WARNING

See The Attached Booklet For Complete Precautionary Statements, Directions For Use, First Aid, Conditions Of Sale And Warranty, and state-specific crop and/or use site restrictions.

NET CONTENTS 8 Fl. Ozs.

FIRST AID					
If In Eyes:	<ul> <li>Hold eye open and rinse slowly and gently with water for 15 to 20 minutes.</li> <li>Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>Call a poison control center or doctor for treatment advice.</li> </ul>				
If on Skin or Clothing:	<ul> <li>Take off contaminated clothing.</li> <li>Rinse skin immediately with plenty of water for 15 to 20 minutes.</li> <li>Call a poison control center or doctor for treatment advice.</li> </ul>				
If Swallowed:	<ul> <li>Call a poison control center or doctor immediately for treatment advice.</li> <li>DO NOT give any liquid to the person.</li> <li>DO NOT induce vomiting unless told to do so by a poison control center or doctor.</li> <li>DO NOT give anything by mouth to an unconscious person.</li> </ul>				
HOT LINE NUMBER  Have the product container or label with you when calling a poison control center or doctor or going for treatment.  In the event of a medical or chemical emergency, contact ChemTel North America 1-800-255-3924 or Worldwide Intl. + 01-813-248-0585					
<b>Note to Physic</b> lavage. Contai	ian: Probable mucosal damage may contraindicate the use of gasteric ns petroleum distillate. Vomiting may cause aspiration pneumonia.				

230 FM 87 • BONHAM, TEXAS 75418 NVA: 2009-04-025-127 EPA Reg. No. 7969-58-7401 EPA Est. No. 7401-TX-1

#### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING Causes substantial but temporary eye injury. Causes skin irritation. Harmful if absorbed through skin or swallowed. DØ NOT get in eyes, on skin, or on clothing. Wear long-sleeved shirt, long pants, chemical-resistant gloves made of any water proof material, protective eyewear, shoes, and socks. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

#### **RE-ENTRY STATEMENT**

**DO NOT** allow people or pets to come into contact with treated areas until spray has dried.

#### ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms. To protect the environment, **DO NOT** allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

#### **ENDANGERED SPECIES CONCERNS**

The use of any pesticide in a manner that may kill or otherwise harm an endangered or threatened species or adversely modify their habitat is a violation of federal law

#### PHYSICAL AND CHEMICAL HAZARDS

COMBUSTIBLE. DO NOT use or store near heat or open flame.

Intended for residential/homeowner use on and around:

Flowers Trees OrnamentalEvergreens Fruits\* Groundcovers
Shrubs Vegetables\* Bedding Plants
\*See Table 2. Fruits and Vegetables for specific crops.

#### **DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

DO NOT apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation.

#### STORAGE AND DISPOSAL

#### PESTICIDE STORAGE

Store unused product in original container only, out of the reach of children and animals. NEVER TRANSFER THIS PRODUCT TO ANOTHER CONTAINER FOR STORAGE.

#### CONTAINER DISPOSAL

Nonrefillable container. DO NOT reuse or refill this container. If empty: offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTE: Buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith. Voluntary Purchasing Groups, Inc. warrants this product to conform to the chemical description on the label and for the purposes stated on the label. The limit of any liability incurred shall be the purchase price paid by the User or Buyer.

## READ ENTIRE LABEL FOR DIRECTIONS FOR USE AND PRECAUTIONARY STATEMENTS.

This product is a selective systemic grass killer to eliminate existing weedy grasses growing in and around plant beds, landscapes, and individual shrubs and trees. (See **Tolerant Plants**.) This product can be used through a hose-end sprayer according to the directions of the sprayer used or through a tank-type sprayer.

This product can also be used around listed fruit and vegetable areas, (see **Table 2**), wherever listed weedy grasses occur. Use only tank-type sprayers.

#### WEEDY GRASSES CONTROLLED

This product kills most annual and hard-to-kill perennial grasses up to 1 foot high including the examples listed below in one or two applications. Younger, actively growing seedling weeds are more easily killed than older, mature, well-established grassy weeds which may require a repeat application for control. Adding oil concentrate may help control of grassy weeds.

Barnyardgrass Junglerice Bermudagrass Lovegrass

Broadleaf Signalgrass Orchardgrass - Seedling Quackgrass

Large, Smooth
Fall Panicum
Foxtails - Giant,
Green, Yellow
Wild Proso Millet

Goosegrass Wirestem Muhly Johnsongrass - Witchgrass Seedling, Rhizome Wooly Cupgrass

Note: This product does not control sedge (including Nutsedge or Nutgrass), annual bluegrass, or broadleaf weeds. Red Fescue, Chewings Fescue, Hard Fescue, and Dichondra Turfs are also tolerant to this product.

#### APPLICATION TIMING

Apply when grassy weeds are actively growing, not exceeding the minimum of days from application to harvest when used on vegetables and fruits. Warm sunny weather will accelerate systemic movement from leaves and stems down to the roots to give complete kill. DO NOT mow or cut off tops of weeds before spraying. DO NOT apply if rainfall is expected within one hour following application. Growth of treated grass stops soon after application. Grass turns yellow and dies within one to three weeks depending on the grass species, stage of growth and weather conditions. Cool weather, drought and heat stress slows activity.

TABLE 1. Hi-Yield Grass Killer (concentrate) and Oil Concentrate Dilution

Concentrate Direction						
Water (gals)	Hi-Yield Grass Killer		Oi Concen		Coverage	
	Fluid Ounces	Thsp.	Fluid Ounces	Tbsp.	(sq ft)	
1	1	2	1	2	1,800	
3	3	6	3	6	5,400	
5	5	10	5	10	9,000	
8	8	16	8	16	14,400	

One gallon of spray will treat 1,800 square feet.

<sup>\*</sup>To prevent leaf burn of desirable plants, DO NOT use oil concentrate when comfort index (temperature °F + humidity) exceeds 150.

#### HOSE-END SPRAYER APPLICATION

Water Dilution/Premixing Not Needed. Determine the area to treat in square feet. Pour 1 fluid ounce of this product and 1 fluid ounce of oil concentrate in the hose-end sprayer bottle for each 1,800 square feet to be treated. Apply 1 fluid ounce per gallon. After application, wash the sprayer with a dilute soap solution and rinse according to the sprayer instructions.

Water Dilution/Premixing Needed. Some hose-end applicators recommend premixing liquid products with water before pouring into the sprayer bottle. Read the hose-end sprayer instructions for making treatments at 1 fluid ounce per 1,800 square feet. Clean the sprayer after use according to the sprayer instructions.

#### TANK SPRAYER APPLICATION

Mix 1 fluid ounce of this product plus 1 fluid ounce oil concentrate per 1 gallon water; spray to just wet the unwanted weedy grasses. One gallon of spray will treat 1,800 square feet. Wash sprayer by flushing soapy water through the sprayer; then flushing clean water through the sprayer.

#### Important:

For spot treating grassy weeds near lawns and around sensitive plants, a tank-type sprayer is recommended. Spray carefully to avoid spray or drift contact with desirable plants. If drift occurs, wash off foliage immediately with water.

# FLOWERS, BEDDING PLANTS, EVERGREENS, SHRUBS,

### TREES AND ORNAMENTAL GROUNDCOVERS

This product may be applied over the top of desirable plants infested by weedy grasses, or as a directed spray to weedy grasses at the labeled rate. **DO NOT** exceed dosage rate per gallon of spray. Most ornamental species tested have been found tolerant to this product (see **Tolerant Plants** list). However, use with caution around the following plants as they may be damaged if spray contacts foliage: Azaleas (var. Snow), Japanese Privet, Potentilla, Snow in Summer, Red Oak and White Oak and ornamental grass.

This product may also be used on the following nonbearing food plants. **DO NOT** apply within 1 year of harvest.

Avocados Dates Figs Olives Plums Pomegranates Prunes

## FRUITS AND VEGETABLES (use only with tank-type sprayers)

Use this product on the fruits and vegetables listed in Table 2. Fruits and Vegetables. DO NDT apply on or around any fruits and vegetables not listed on this label, especially Sweet Corn. Apply on and around tolerant fruits and vegetables with a tank-type sprayer only. A second application may be made to all listed fruits and vegetables except Peanut and Strawberry.

The quantities presented in Table 1. Hi-Yield Grass Killer (concentrate) and Oil Concentrate Dilution do not exceed the registered rates for the fruits and vegetables listed. DO NOT exceed the quantities presented.

#### **CONDITIONS OF SALE AND WARRANTY**

The **Directions For Use** of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result, because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of Voluntary Purchasing Groups, Inc. ("VPG") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

VPG warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions For Use**, subject to the inherent risks, referred to above. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, VPG MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER'S EXCLUSIVE REMEDY AND VPG'S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, VPG AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, EXEMPLARY, SPECIAL OR

INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, VPG AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, EXEMPLARY, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. VPG and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of VPG.
