INSTRUCCIONES: Como siempre use una cucharita o medida precisa para medir la fertilizante. Mezcle uniformemente la bolsa con la tierra antes de usarla. Aplique el fertilizante en la base de la planta o en el borde de la cama de la planta. Dependiendo de la fertilizante, mezcle bien la fertilizante con la tierra antes de usarla. Tenga cuidado de no aplicar la fertilizante directamente sobre las plantas. Siempre siga las instrucciones de la etiqueta para obtener los mejores resultados.

PLANT TYPE	VEGETABLES	ROOT VEGETABLES	TOMATOES	BERRIES	HERBS	CONTAINER PLANTS
NEW PLANTINGS	Apply 4 cups per 50 sq ft, or 2 cups per 25 ft, when planting.	Apply 3 cups per 50 sq ft, or 2 cups per 25 ft, when planting.	Apply 6 cups per 50 sq ft, or 3 cups per 25 ft, when planting.	Apply 4 cups per 50 sq ft, or 2 cups per 25 ft, when planting.	Apply 4 cups per 50 sq ft, or 2 cups per 25 ft, when planting.	Apply 3/4 cup for every gallon of soil every 4 weeks during the first year.
ESTABLISHED PLANTINGS	Apply 4 cups per 50 sq ft, or 2 cups per 25 ft, every 6 weeks during the growing season.	Apply 2 cups per 50 sq ft, every 6 weeks until harvest.	Apply 4 cups per 50 sq ft, or 2 cups per 25 ft, every 6 weeks during the growing season.	Apply 4 cups per 50 sq ft, or 2 cups per 25 ft, every 6 weeks during the growing season.	Apply 2 cups per 50 sq ft, every 6-8 weeks during the growing season.	Apply 1/2 cup for every gallon of soil every 4 weeks during the growing season.

Alaska **VEGETABLE & TOMATO** FERTILIZER

by PENNINGTON 4-6-6 NATURAL BASED-FISH

ALASKA® VEGETABLE & TOMATO fertilizer provides the benefits of fish and other traditional organic plant food in a natural based, low-odor formula that is easy to use and requires no mixing. These premium dust-free pellets are an excellent source of the primary nutrients (nitrogen, phosphorus and potassium) your plants need. Alaska Vegetable & Tomato fertilizer slowly releases its nitrogen to steadily nourish your garden. It is ideal for use on all vegetable gardens, small fruit trees, berries, herbs and container plants – This fertilizer will not burn.

DIRECTIONS: When preparing a new planting bed or container, apply fertilizer up to one week prior to planting. Evenly mix the pellets with soil before setting plants then water them well. For established plants, scatter the pellets evenly over the soil as directed below. After putting fertilizer down, mix it lightly into the surface of the soil, where possible. Be careful not to damage roots. Always water plants and soil well after adding fertilizer. A visible growth of fungal mycelium may develop naturally on the soil surface. This is normal and may promote fertilizer breakdown and nutrient release.

Did You Know?
Nutrient rich fish has been used as a fertilizer for centuries. The Pilgrims knew to bury fish in the soil to assure vigorous plant growth and plentiful harvests. Generations of gardeners have relied on Alaska® brands to provide this traditional, time-tested fertilizer in formulas that are easy and convenient to use.

QUANTIFIED ANALYSIS: 4-6-6
Total Nitrogen (N) 4.0%
4.0% Water Soluble Nitrogen
Available Phosphate (P₂O₅) 6.0%
Soluble Potash (K₂O) 6.0%
Calcium (Ca) 7.0%

SATISFACTION GUARANTEED: If you are not satisfied with the performance of this product, simply send your name, address, and proof of purchase (register receipt) to the address shown and we will refund your purchase price. Filled by weight not by volume. Product may settle after packaging.

PROTECT YOURSELF, PROTECT YOUR PETS
This product contains animal byproducts that may attract dogs or other pets. Consumption of this product may make animals sick. To minimize potential problems: 1) Store away from pets, 2) Thoroughly mix into soil to eliminate large clods or surface exposure of product, 3) Do not apply this product along with pesticides. Please wash hands and exposed skin with soap and water after using this product.
