Home Invading Insects: Barrier Treatment Around Home Foundation (Outdoors) How to Apply: Evenly apply a 2-foot band of granules next to the house foundation based on pest list and application rates listed above. Use 0.5 to 2 lbs. for each 500 sq. ft. (2 ft. X 250 ft.). If necessary, repeat applications every 2 weeks only if there are signs of renewed insect activity.

		SPRE	ADER TIPS	
SPREADER		ADER SETT oduct per 500	INGS D/1,000 sq. ft.	DIRECTIONS
	0.5/1 lb	1/2 lbs	2/4 lbs	
Scotts® AccuGreen® Drop Spreader	5-1/2	7	9	Mow lawn first if grass is tall enough to touch the bottom of the spreader. First apply two header strips. Operate spreader the longest way of the lawn. Overlap wheel marks to ensure uniform feeding. Shut off spreader when you have reached the header strips or stopped.
Scotts® SpeedyGreen® Rotary	24	25	27	Shut off spreader anytime you stop. For complete coverage make each pass about five feet from the previous one, so some overlapping occurs.

When using other spreaders, calibrate the spreader settings based on the manufacturer's recommendations.

Home Vegetable Gardens

A single application may be applied just prior to planting or after plants emerge and worked into the top 4 to 6 inches of soil. Use 1 lb of product for a 500 sq. ft. area.

VEGETABLES	DAYS TO WAIT To harvest	PESTS

FIRST AID Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-265-0761 for Emergency Assistance. NOTE TO PHYSICIAN

may increase absorption and so should be avoided.

For Information Regarding the Use of this Product Call 1-800-265-0761

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

This product is a pyrethroid. If large amounts have been ingested, milk, cream or other digestible fats and oils

Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

**DIRECTIONS FOR USE** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is a ready-to-use granular insecticide to control various listed insects (including spiders) on and below surfaces of lawns, home perimeters, ornamental & flower gardens, and home vegetable gardens. Immediately after applying, irrigating or watering with 0.1 to 0.5 inches of water generally improves the effectiveness of this product. Read the "Directions for Use" carefully and fully before applying this product.

In New York State, this product may NOT be applied to any grass or turf area (lawns) within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch).

In New York State, do make a single repeat application of this product if there are signs of renewed insect activity, but not sooner than two weeks after the first application. Do not allow children or pets to enter the area until dry.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, after application.

Apply this product directly to the lawn or garden area. Water treated area as directed on this label. Do not water to the point of runoff. Do not make applications during rain.

APPLICATIONS TO LAWNS, HOME PERIMETERS, & ORNAMENTAL AND FLOWER GARDENS Uniformly apply this product over 1,000 square feet based on targeted pest and associated application rate as listed in the table below by using any gravity or rotary type spreader. Treat when insects first appear and retreat as necessary. Repeat application is necessary only if there are signs of renewed insect activity. Repeat application must be limited to no more than once per seven days. For best results, thoroughly water treated area immediately after application. A 20-pound bag will treat a 5,000 to 20,000 square feet area.

Pest	<b>Application</b>
