PLANTING INSTRUCTIONS
FOLLOW THESE GUIDELINES FOR LUSH, THICK GRASS

Instrucciones para la siembra
Siga estas guías para obtener un césped denso y frondoso

PREPARE Remove debris, then rake the soil to loosen and smooth the top layer.
PREPARE: Remueva todo el desecho, después rastree para aflojar la tierra y suavizar la capa de arriba.

APPLY: Spread seeding mix approximately 1 cup/sq. ft. everywhere thick, beautiful grass is desired.
APLICACIÓN: Esparza la mezcla de semillas aproximadamente 1 taza por pie cuadrado en los lugares en los que desee un césped denso y bello.

WATER: This is the most important step! Keep the soil moist by watering daily (twice a day if you have to) until grass sprouts and reaches about 3" tall. The mulch turns a lighter color when it's dry indicating that it's time to water again.

RIGURE: (Este es el paso más importante!) Mantenga el suelo húmedo regándolo todos los días (dos veces al día si es necesario) hasta que la hierba brote y alcance unas 3 pulgadas de alto. El mantillo se torna más claro al secarse, lo que indica que es tiempo de regar nuevamente.

CAUTION: Avoid contact with eyes. If contact occurs, flush with water for 15 minutes. If irritation persists, seek medical attention. For more information, visit www.1stepcomplete.com.

PENNINGTON'S PENKOTED® SEED TECHNOLOGY ENSURES BETTER PLANT GROWTH

MADE WITH Smart Seed.

THE PENNINGTON GUARANTEE

If you, the consumer, are not satisfied with this product after use in accordance with packaging instructions, you may be eligible for a refund. Send original receipt, empty packaging and a brief explanation within sixty days of purchase. Upon verification, we will send you a refund check for the purchase price.

MAIL TO: Pennington Seed, Inc. Customer Service Dept. Box 338 Greenfield, MO 65661
For questions and information, call us: 1.800.285.SEED or visit our website: www.1stepcomplete.com

NOTICE: This seed has been treated with Metolachlor, commonly known as Bayer K-9, and Clothian (as Kinetic), glufosifur acid and imidazopyridine acid, commonly known as Stimulate™. Yield Enhancer, at the rate recommended by the manufacturer. Do not use for feed, food or as pesticide.

Keep away from food and feedstuffs. Do not allow children, pets or livestock to have access to treated seeds, or SPILLAGE. Call a poison control center or doctor immediately for treatment advice. Keep poison up a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Causes substantial but temporary eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing.

Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

NOTICE: The color green as applied to grass seed is a registered trademark that is registered in the U.S. Patent Trademark Office by Pennington Seed, Inc. Pennington uses the color green available.

NOTICE: Arbitration/consultation/mediation required by several states. Under the seed laws of several states, arbitration, mediation, or consultation is required as a prerequisite to instituting a legal action based upon the failure of seed to which this notice is attached, to produce as represented. The consumer shall file a complaint (known as a "Notice of Dispute") with the state's Department of Agriculture, and shall file a copy of the complaint with the commissioner/director/secretary of agriculture, seed commissioner, or chief agricultural officer within one year of the date of purchase of the seed, or the date of the complaint filed with the designated agency and the assistant from whom the seed was purchased. A copy of the complaint shall be sent to the state by certified or registered mail or as otherwise provided by state statute.

Important: Applying weed control products to grass prior to seeding can affect the seeds' ability to grow. Be sure to read and follow all manufacturer's recommendations and application instructions prior to applying any weed control products and prior to seeding. Additionally, do not apply any weed control products to newly seeded areas until the grass is established and has been mowed at least 2 or 4 times. Once newly seeded areas are established, you can begin a regular mowing schedule.

COMBINATION
MULCH, SEED & FERTILIZER

PENNINGTON
THE GRASS SEED PEOPLE®

ONE STEP
COMPLETE SEEDING MIXTURE

FOR SUN & SHADE AREAS

MIXTURE OF SMART SEED® + MULCH + FERTILIZER

REPAIRS BARE SPOTS IN 2 WEEKS OR LESS

COVERS UP TO 125 SQ FT**
NET WT 8.3 LB (3.76 kg)

PENNINGTON ONE STEP COMPLETE
FOR SUN & SHADE AREAS
MIXTURE OF SMART SEED + MULCH + FERTILIZER

YOU'LL SOON SEE THE **ONE STEP COMPLETE™** SEEDING MIXTURE DIFFERENCE!

Pennington One Step Complete® Seeding Mixture system makes it easy to grow beautiful, thick, water-saving grass. Everything you need is pre-mixed and ready to use. Simply apply, water and watch it grow. Our super absorbent seeding mixture holds and maintains moisture around the seed while providing the essential nutrients needed to grow lush, thick grass.

And, because Pennington One Step Complete® Seeding Mixture system contains our Pennington® Smart Seed® grass seed you'll continue saving water, once the grass is established: UP TO 30% LESS WATER versus ordinary grass seed.

PLANTING SPECIFICATIONS FOR REPAIRING BARE SPOTS

OPTIMAL RESULTS RATE: 1 cup/1 sq ft
EXTENDED COVERAGE (up to 25% damage) RATE: 1 lb/15 sq ft

Coverage: Up to 125 sq ft
Traffic Tolerance: Good
Seeding Emergence: 7-14 days
Drought Tolerance: Very Good
Light Required: Full Sun to Medium Shade
Recommended Mowing Height: 3"

Especificaciones De Siembra
Restauración de áreas sin hierba

Resultados óptimos Cobertura extendida (hasta un 25% de daño)
Tasa: 1 taza/1 pie cuadrado Tasa: 1 lb/15 pies cuadrados

Cobertura: Hasta 125 pies cuadrados
Tolerancia al Tráfico: Buena
Surgimento de Planta: 7-14 días
Tolerancia a la Sequía: Muy buena
Luz Requerida: Pleno Sol a sombra parcial
Altura de Corte Recomendada: 3"
