Garden Statues	Camping Gear	Tarpaulins
Hot Tubs	Stepping	Tiles
Mailboxes	Stones	Walls
Pathways	Tents	Aggregate
Planter Boxes	Trellis Work	Log Cabins, etc.

DIRECTIONS:

- Read all Directions and Cautions before use.
- **DILUTION:** Add one part water to one part 30 SECONDS Outdoor Cleaner Concentrate in a pump sprayer or watering can and mix well. (1:1 mix ratio)
- Apply product to surface when the surface is DRY.
- Keep surface wet with product for at least 30 seconds. Time will vary depending on surface and amount of staining. See Individual Surface Listing for variable times needed.
- Brush surface, if necessary, as suggested under Individual Surface Listing.
- Re-application, prior to rinsing with water, may be necessary where heavy stains exist.
- Rinse thoroughly with water using a garden hose. Rinse overspray from foliage. Cleaning action stops when it dries.
- After use, clean applicator thoroughly with water.
- Store in a cool, dark place, and transport in an upright position.

HELPFUL HINTS AND PRECAUTIONS:

- Always test an inconspicuous area first on surfaces that are susceptible to corrosive, dulling and bleaching effects.
- For example: Stained wood, fabric, color paving, high gloss paint work and untreated metals.
- Wear old clothes. 30 SECONDS will discolor your clothing.
- Rinse from plants and metals within 10 minutes of application.

INDIVIDUAL SURFACE LISTING:

CONCRETE, MASONRY, TILE, ASPHALT
Spray on DRY surface. Keep wet with product for up to 15 minutes. Brush (if necessary). Hose off thoroughly with spray nozzle.

WOOD Spray on DRY surface. Keep wet with product for up to 5 minutes. Brush surface with the grain. Hose off thoroughly with spray nozzle.

Stained Wood: Stain can be removed during cleaning, leaving a blotchy appearance, remedied by re-staining. See helpful hints above.

METAL, CLOTH, PAINT, PLASTIC, FIBERGLASS
Spray on DRY surface. Keep wet with product for up to 3 minutes. Brush (if necessary) and rinse thoroughly within 10 minutes.

COVERAGE:

Product will clean up to 200 sq. ft. per gallon of Concentrate used on porous surfaces, and up to 600 sq. ft. per gallon on non-porous surfaces. The coverage varies depending on the staining and porosity of the surface to be cleaned.

EXTENDED COVERAGE:

Use as directed using up to 4 times more water and keep surface wet with product 4 times as long. Cleans up to 600 sq. ft. per gallon of Concentrate used on porous surfaces, and up to 1800 sq. ft. per gallon on non-porous surfaces.

CAUTIONS:

- Keep out of reach of children.
- Use in well ventilated area.
- Do not mix with other household chemicals.
- In case of eye or skin contact, flush immediately with water for at least 15 minutes. Get medical attention if irritation persists.
- If swallowed, drink lots of water, do not induce vomiting, and call a physician immediately.
- Do not allow spray or rinse to remain on plant foliage more than 10 minutes or enter lakes and streams.
- Avoid contact with clothing. If contact occurs rinse immediately with water.
- Do not let 30 SECONDS dry on glass.

CONTENTS:

Sodium Hypochlorite (bleach)*	5%
* (Commercial grade, highly stable, 70% less NaCl)	
Proprietary Ingredients	1.2%
Inert Ingredients	93.8%

El limpiador de exteriores 30 SECONDS restaura la apariencia limpia y nueva que antes tenían todas las superficies exteriores.

SE PUEDE USAR PARA LIMPIAR:

MADERA, PINTURA, CONCRETO, MAMPOSTERÍA, METALES, VINILO, COMPUESTO, ROPA Y PLÁSTICO.

INSTRUCCIONES:

- Lea todas las instrucciones y advertencias antes de usar.
- Agregue una parte de agua a una parte del concentrado del para exteriores 30 SECONDS en un rociador o regadera, y mezcle.
- Aplique el producto a la superficie cuando se encuentre seca.
- Mantenga la superficie húmeda con el producto por lo menos 30 segundos.
- Cepille la superficie, si es necesario, según se sugiere en las superficies individuales.
- Puede ser necesaria una nueva aplicación donde exista acumulación de suciedad.
- Enjuague completamente con agua usando una manguera o un jardín de riego.
- Enjuague la aspersión del follaje. La acción de limpieza se detiene cuando se seca.
- Luego de usar, limpie el aplicador completamente con agua.
- Guarde en lugar fresco y oscuro, y transporte en una posición vertical.

COBERTURA:

El producto limpiará hasta 200 pies cuadrados por galón de concentrado utilizado en superficies porosas y hasta 600 pies cuadrados en superficies no porosas. La cobertura varía dependiendo del tipo de superficie y la porosidad de la superficie que se limpiará.

PRECAUCIÓN:

- Manténgase lejos del alcance de los niños.
- Use en una zona bien ventilada.
- No mezcle con otros químicos caseros.
- En caso de contacto con los ojos o piel, enjuague completamente con agua.
- Si se ingiere, beba abundante cantidad de agua, no provoque el vomito y llame a un médico de inmediato.
- No permita que el rociado permanezca en el follaje de las plantas por más de 10 minutos o que ingrese a lagos y ríos.
- Evite el contacto con la ropa. Si ocurre contacto, enjuague inmediatamente con agua.

CONTENIDO:

Hipoclorito de sodio (lejía)* 5%
* (De grado comercial, alta estabilidad, menos del 70% de cloro activo)
Ingredientes propietarios 1.2%
Ingredientes inertes 93.8%
