 For best results, apply in a circular path starting on the outside and working toward the center overlapping slightly to insure complete coverage.

**DIRECTIONS FOR USE**  
 For new lawns, this product should be broadcast uniformly over the soil surface using one bag per 12,000 square feet of lawn area (see spreader settings). Work the fertilizer lightly into the soil 1/4" to 1/8" deep then plant your seed following the directions on the seed bag and water regularly until the lawn is established. When reseeding or sodding, apply at one bag per 12,000 square feet and water thoroughly.

 0.02% Water Soluble Zinc (Zn)  
 Part of the nitrogen in this product has been sulfur coated to provide 3.8% coated slow release nitrogen.

**A Perfect Pennington Lawn**  
 A good fertilization program can keep your lawn green and vigorous. Pennington has a wide selection of fertilizers to help you throughout the year.  
 Recommended for use when seeding, sodding, or reseeding lawns to enhance root development.  
 Use these pre-emergent products to control crabgrass and many other weeds in your lawn before they germinate. Crabgrass preventers are available with or without fertilizer.  
**Pennington Crabgrass Preventers**  
 Use these pre-emergent products to control crabgrass and many other weeds in your lawn before they germinate. Crabgrass preventers are available with or without fertilizer.  
**Pennington Weed & Feeds**  
 These post-emergent products control a wide variety of existing broadleaf weeds while they feed your desirable grass.  
**Pennington Lawn Food**  
 A high nitrogen fertilizer with micro-nutrients that feeds any established lawn up to 4 months.  
**Pennington Winterizer**  
 This fertilizer prepares your lawn's root system for the onslaught of winter while increasing its overall vigor.

**NOTE:**  
 Application of this quality Pennington fertilizer is recommended as part of an overall program for a vigorous lawn. An additional application of an appropriate Pennington fertilizer product at the correct time of the year will insure your lawn receives the recommended 1 lb. of nitrogen per 1,000 sq. ft. per year.

**WARRANTY & DISCLAIMER:** Gro Tec, Inc. guarantees this fine product to the extent of the purchase price, only when used according to directions.
