

1 Identification											
1.1	<b>Product identifier</b>										
(a)	Product code 63-10004/63-10005/63-10006/63-10008										
(b)	Product name Pro-Pest® R.T.U. Silverfish Monitor with Food Attractant										
(c)	Other means of identification N/A										
	Recommended use Designed to monitor the presence of Lepisma saccharina, Thermobia domestica, Anthrenus museorum larvae, Attagenus smirnovi larvae.										
	Restrictions for use Not applicable										
	Active ingredient No data available.										
	CAS number No data available.										
	Other Ingredients No data available.										
<b>Relevant identified uses of the substance or mixture and uses advised against</b>											
	Product use Used for the attraction and containment of insect pests										
<b>Details of the supplier of the safety data sheet</b>											
(d)	<table border="0"> <tr> <td style="vertical-align: top;"><i>Manufacturer:</i> SET Bartłomiej Pankowski Polna 9-G 05-500 Mysiadło POLAND Tel.: 0 603 771074 Fax: (22) 7014331 E-mail address of the person responsible for SDS: <a href="mailto:pankowski@post.pl">pankowski@post.pl</a></td> <td style="vertical-align: top;"><i>U.S.A. (e)	Emergency telephone number for US and Canada only: CHEMTREC: 1-800-424-9300										
2 Hazards Identification											
(a)	<table border="0"> <tr> <td style="vertical-align: top;">Classification of the chemical in accordance with paragraph (d) of §1910.1200, OPP and GHS criteria</td> <td style="vertical-align: top;">The product is not identified as hazardous to human health or natural environment</td> </tr> <tr> <td style="vertical-align: top;">Acute oral toxicity</td> <td style="vertical-align: top;">No data available</td> </tr> <tr> <td style="vertical-align: top;">Acute inhalation toxicity</td> <td style="vertical-align: top;">No data available</td> </tr> <tr> <td style="vertical-align: top;">Skin irritation</td> <td style="vertical-align: top;">No data available</td> </tr> <tr> <td style="vertical-align: top;">Primary eye irritation</td> <td style="vertical-align: top;">No data available</td> </tr> </table>	Classification of the chemical in accordance with paragraph (d) of §1910.1200, OPP and GHS criteria	The product is not identified as hazardous to human health or natural environment	Acute oral toxicity	No data available	Acute inhalation toxicity	No data available	Skin irritation	No data available	Primary eye irritation	No data available
Classification of the chemical in accordance with paragraph (d) of §1910.1200, OPP and GHS criteria	The product is not identified as hazardous to human health or natural environment										
Acute oral toxicity	No data available										
Acute inhalation toxicity	No data available										
Skin irritation	No data available										
Primary eye irritation	No data available										

(b)	Sensitization Signal word, hazard statement(s), symbol(s) and precautionary statement  Other hazards Statement of the mixture  HMIS® Rating	No data available  This product does not require to be labelled with hazard pictograms or specific wording. Nevertheless, it is recommended that the following safety precaution be taken: Keep out of the reach of children.  If applied in line with the manufacturer's instructions and intended use, the product is not otherwise hazardous to human health or natural environment.
(c)	Health: Flammability: Reactivity: Protection: Safety Phrases:	No data available. No data available. No data available. No data available. No data available.
(d)	UN Number:  Classification of the substance or mixture	No data available.  No data available.
<b>3 Composition/Information on ingredients</b>		
(a)	<b>Substances</b> Active ingredients and chemical name	Not applicable; the product is a mixture.
(b)	Common names Other ingredients  <b>Mixtures</b>  CAS Number	No data available. A mixture of an attractants and fillers.  No data available.  No data available.
(c)	Impurities and stabilizing additives which are themselves classified and which contribute to the classification of the substance	The product does not contain any components, which, in the light of the supplier's current knowledge, and in the concentration indicated above, might be hazardous to human health or natural environment, and for which the Community identified the maximum permissible concentration in working environment, or which meet the identification criteria of PBT or vPvB substances, in line with Annex XIII to the Regulation (EC) No. 1907/2006.
<b>4 First Aid Measures</b>		

(a)	Description of first aid measures	Consult a doctor if symptoms appear and persist or become more severe despite assistance given in accordance with the recommendations below. If it is necessary to seek medical assistance, present the safety data sheet or package to the doctor/medical personnel.
(b)	Most important symptoms and effects, both acute and delayed	Accidental swallowing of larger quantities of the product may cause discomfort in the mouth. Eye contamination with particles or dust of the product may cause irritation. Prolonged or repeated contact may lead to dermatitis in some sensitive individuals.
(c)	<p>Indication of any immediate medical attention and special treatment needed</p> <ul style="list-style-type: none"> <li>- Inhalation</li> <li>- Eyes</li> <li>- Skin</li> <li>- Ingestion</li> </ul>	<p>No effects; the product in in the form of tablets.</p> <p>In the case of eye contact (i.e. exposure to dust or contact by fingers soiled with the product), continue rinsing your eye with running water for several minutes, keeping the eye wide open.</p> <p>In the case of direct skin contact, wash your hands with water and soap.</p> <p>If accidentally swallowed, immediately remove the remains of the product from your mouth and rinse your mouth with water thoroughly. Give large amounts of water to drink. Seek doctor's advice.</p>
<b>5 Fire-Fighting Measures</b>		
(a)	Suitable extinguishing media	<p><b>Suitable extinguishing media:</b> No restrictions in the use of extinguishing media; use extinguishing media suitable for extinguishing materials on fire.</p> <p><b>Unsuitable extinguishing media:</b> Unknown.</p> <p>Formulation combustible. Emits toxic fumes when burning/under fire; CO, CO<sub>2</sub>.</p>
(b)	Special hazards arising from the substance or mixture	<p><b>Special hazards caused by the substance/mixture</b></p> <p>Unknown.</p> <p><b>Hazardous products of thermal decomposition</b></p> <p>If large quantities of product are burning, fumes containing carbon monoxides and other unidentified products of thermal decomposition may be released. Avoid inhaling products released during fire as they may be hazardous to human health.</p>
(c)	Precautions for fire-fighters	<p><b>Protective measures to be undertaken while extinguishing fire</b></p> <p>Remove all outsiders from the endangered area.</p>

		<p>Proceed in line with the procedures applicable to extinguishing chemical substances fire.</p> <p>In the case of fire involving large quantities of the product (i.e. in a warehouse fire), do not let waste water or products of fire get into the sewage system or water reservoirs.</p> <p><b>Special protective equipment for fire fighters</b></p> <p>In the case of fire indoors or in confined spaces, use respiratory protection devices. Wearing protective clothing suitable for extinguishing chemical substances fire is recommended.</p>
<b>6</b>	<b>Accidental Release Measures</b>	
(a)	Personal precautions, protective equipment and emergency procedures	<p>Avoid direct, prolonged contact with the product.</p> <p>If necessary, use protective gloves. Do not walk on the released product. Do not crush the tablets. Use adequate personal protective equipment considering the extent of damage.</p>
(b)	<p>Environmental precautions</p> <p>Methods and material for containment and cleaning up</p>	<p>No specific requirements. Prevent discharge of large quantities of the product to waters or the sewage system</p> <p>In the case of small quantities, pick up or sweep up.</p> <p>In the case of large quantities, pick up mechanically or using an industrial vacuum cleaner and place into a closable, labelled waste container for use or disposal.</p> <p>Dispose of in accordance with the applicable laws and regulations through a licensed waste management firm.</p>
<b>7</b>	<b>Handling and Storage</b>	
(a)	Precautions for safe handling	<p>Before using, read information on the container. Use in line with the intended use and manufacturer's instruction.</p> <p>Avoid prolonged skin contact. Avoid eye contact. Keep packages closed when not in use. Recommendations for health and safety at work - Observe basic hygiene rules: don't eat, drink or smoke while using the product; always wash your hands with water and soap afterwards.</p>
(b)	Conditions for safe storage, including any incompatibilities	<p>Store in original, undamaged containers, in a well-ventilated, dry and cool place, away from sources of heat.</p> <p>Protect the product from direct sunlight. Keep away from children.</p>
<b>8</b>	<b>Exposure Controls/Personal Protection</b>	
(a)	<p>OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available.</p>	<p>The product components for which the maximum admissible concentration in working environment has been defined: none</p>

(b)	Appropriate engineering controls.	Technical control measures: no specific recommendations. Personal protection: While considering and selecting personal protection equipment, one should take into account the hazardous character of the product, the working environment conditions and the way the product is to be handled. Under normal conditions, personal protection equipment is not required. For prolonged contact or occupational hazards exposure, it is recommended to use gloves (i.e. rubber gloves).
(c)	Individual protection measures, such as personal protective equipment.	No specific requirements.
<b>9</b>	<b>Physical and Chemical Properties</b>	
	<b>Information on physical and chemical properties</b>	
(a)	Appearance:	A solid. Tablets
(b)	Color:	Brown
(b)	Odour:	Distinctive
(c)	Odour threshold:	No data available
(d)	pH:	Not Applicable
(e)	Melting point/freezing point:	No data available
(f)	Initial boiling point and boiling range:	Not Applicable
(g)	Flash point:	Not Applicable; a solid
(h)	Evaporation rate:	Not Applicable
(i)	Flammability (solid, gas):	No data available
(j)	Upper/lower flammability or explosive	Not Applicable
(k)	limits:	
(l)	Vapour pressure:	Not Applicable
(m)	Vapour density:	Not Applicable
(n)	Relative density:	No data available
(o)	Solubility(ies):	No data available
(p)	Partition coefficient; n-octanol/water:	Not Applicable
(q)	Auto-ignition temperature:	Not Applicable
(r)	Decomposition temperature:	Not Applicable
	Viscosity:	Not Applicable
	Explosive properties:	None
	Oxidising properties:	None
	Other information	The basic physiochemical parameters of the product stated in the safety data sheet remain unspecified.
<b>10</b>	<b>Stability and Reactivity</b>	
(a)	Reactivity	The product is not reactive.
(b)	Chemical stability	The product is stable in normal conditions.
(c)	Possibility of hazardous reactions	None in normal conditions of use and storage.
(d)	Conditions to avoid	Avoid the effects of excessive heat over a longer time.
(e)	Incompatible materials	Strong oxidants.
(f)	Hazardous decomposition products	Unknown.
<b>11</b>	<b>Toxicology Information</b>	

(a)	Skin contact: Skin absorption: Eye contact: Inhalation: Ingestion:	No data available No data available No data available No data available No data available
(b)	Symptoms related to the physical, chemical and toxicological characteristics.	No data available
(c)	Delayed and immediate effects and also chronic effects from short- and long-term exposure.	No data available
(d)	Numerical measures of toxicity (such as acute toxicity estimates).	No data available
(e)	Whether the hazardous chemical is listed in the National Toxicology Program (NTP) Report on Carcinogens (latest edition) or has been found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs (latest edition), or by OSHA.	No data available
<b>12</b>	<b>Ecological Information</b>	
(a)	Eco-toxicity	No data.
(b)	Persistence and degradability	No data.
(c)	Bio-accumulative potential	No data.
(d)	Mobility in soil	No data.
(e)	Other adverse effects	None.
<b>13</b>	<b>Disposal Considerations</b>	
	Waste treatment methods	If possible, reduce or eliminate waste.
<b>14</b>	<b>Transport Information</b>	
(a)	UN number	Not applicable.
(b)	UN proper shipping name	Not applicable.
(c)	Transport hazard class(es)	Not applicable.
(d)	Packing group	Not applicable.
(e)	Environmental hazards	Not applicable.
(f)	Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code	Not applicable.
(g)	Special precautions which a user needs to be aware of, or needs to comply with, in connection with transport or conveyance either within or outside their premises.	Not applicable.
<b>15</b>	<b>Regulatory Information</b>	

<p>Safety, health and environmental regulations/legislation specific for the substance or mixture</p>	<p>The Law of 25 February 2011 on chemical substances and their mixtures (Journal of Laws of 2011, No. 63, item 322). Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No. 793/93 and Commission Regulation (EC) No. 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (<i>disclaimer OJ L 136 of 29.05.2007, as amended</i>) Commission regulation (EU) No. 453/2010 of 20 May 2010 amending Regulation (EC) No. 1907/2006 of 18 December 2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (<i>OJ L 133 of 31 May 2010</i>). Regulation (EC) No. 1272/2008 of 16 December 2008 of the European Parliament and of the Council on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No. 1907/2006 (<i>OJ L 353 of 31 December 2008, as amended</i>) Regulation of the Minister of Health of 10 August 2012 on the criteria and methods of classification of chemical substances and their mixtures (<i>Journal of Laws of 2012, item 1018</i>). Regulation of the Minister of Health of 20 April 2012 on labelling the packaging of hazardous substances and hazardous mixtures and of certain other mixtures (<i>Journal of Laws of 2012, item 445</i>). Regulation of the Minister of Labour and Social Policy of 29 November 2002 on the maximum admissible concentrations and intensity of hazardous factors in working environment (<i>Journal of Laws of 2002, No. 217, item 1833; of 2005, No. 212, item 1769; of 2007, No. 161, item 1142; of 2009, No. 105, item 873; of 2010, No. 141, item 950; of 2011 No. 274 item 1621</i>). Regulation of the Minister of Health of 2 February 2011 on tests and measurements of factors hazardous to health in working environment (<i>Journal of Laws of 2011, No. 33, item 166</i>). Regulation of the Minister of Economy of 21 December 2005 on the essential requirements for personal protection measures (<i>Journal of Laws of 2005, No. 259, item 2173</i>). Regulation of the Minister of Labour and Social Policy of 26 September 1997 on the general work safety and health rules (<i>uniform text, annex to Journal of Laws of 2003, No. 169, item 1650; of 2007, No. 49, item 330; of 2008, No. 108, item 690; of 2011, No.</i></p>
---	---

	<p>Chemical safety assessment</p> <p>Signal word</p>	<p>173, item 1034).</p> <p>No chemical safety assessment has been carried out for this product.</p> <p>No data available.</p>
