# Fungus Control for Lawns

This product cures and prevents turf damaging diseases, and keeps them from invading your lawn. This rainproof formula provides up to 1-month protection against most common lawn diseases including Brown Patch, Dollar Spot, Summer Patch, Rusts and Anthracnose. Keeping your lawn free of listed diseases has never been easier.

## READY-TO-SPREAD GRANULES<sup>II</sup>

### READ THE LABEL FIRST!

#### QUICK FACTS

- Cures and Prevents Common Lawn Diseases
- Systemic Fungicide is Absorbed by Grass and Will Not Wash Off
- Easy-to-Use Granules

#### CONTROLS

Antracnosis, Brown Patch, Dollar Spot, Fusarium Patch, Powdery Mildew, Red Thread, Rusts, Stripe Smut, Summer Patch, and Snow Mold

#### WHERE TO USE

On lawns

#### WHEN TO USE

- To treat an existing disease: Apply at first sign of disease
- To prevent diseases: Make first application before conditions are favorable for disease.

#### COVERAGE

Up to 5,000 square feet (See spreader settings)

For questions or comments, call toll-free 1-877-229-3724, or visit our website at [www.BioAdvanced.com](http://www.BioAdvanced.com)

#### FOR OUTDOOR RESIDENTIAL USE ONLY

Propiconazole ..... 0.51 %

OTHER INGREDIENTS: ..... 99.49 %

TOTAL ..... 100.00 %

EPA Reg. No. 92564-38

EPA Est. No. indicated by 3rd and 4th digits of the batch number on this package.

(77) = 07098-MO-001 (46) = 5905-IA-1 (89) = 9198-AL-01 (79) = 5905-GA-01

(68) = 67572-GA-1 (60) = 9198-OH-1 (48) = 82757-OH-001

#### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For best results, read and follow all label directions.

#### BEFORE YOU USE

- If lawn is very dry, water and let dry before applying.

#### USE PRECAUTIONS AND RESTRICTIONS

- Do not apply near fish pools, ponds, streams, or lakes.
- Do not allow adults, children, or pets to enter the treated area until the granules have been watered in and allowed to dry.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.

#### HOW TO USE

##### HOW TO APPLY

- Apply product with rotary/drop spreader at rate given below.
- Water lawn after application.

##### CONTROLS

##### HOW MUCH TO APPLY:

**Curative Rate:**  
3.5 lbs/1000 sq. ft.  
(See Spreader Settings Table)

**Preventative Rate:**  
2 lbs/1000 sq. ft.

##### WHEN TO APPLY:

**Curative:** Apply at 14-day intervals until control is achieved, then reduce to preventative rate and timing.

**Preventative:** Apply at 21-30 day intervals until cooler, drier weather arrives.

Apply once in spring when grass begins to grow.

Apply at 30 day intervals beginning in spring (mid-May) or 1 month before this disease usually appears in your area.

Apply in fall or spring to reduce severity of disease.

Apply when conditions are favorable for disease development.

Apply in late fall before snow cover. Do not apply on top of snow.

Do not exceed more than 5 applications per year

#### FOR BEST RESULTS

Best results are obtained when this product is used as a disease preventative in a complete lawn care program.

Most lawn diseases thrive in hot, humid temperatures and under or over fertilized lawns. Thatch build-up also contributes to the problem. Water your lawn in the early morning, never in the late evening. It is best to have a soil test conducted to determine nutrient deficiencies before fertilizing. De-thatch whenever more than 1/2-inch of thatch exists. Mow often at a height recommended for your grass type and the season.

For more information on what you can do to control lawn diseases, contact your local County Extension Service (usually found in the white pages of the phone book under the name of your county).

#### HOW THIS PRODUCT WORKS

Watering after application carries the fungicide into the root zone. It enters the grass through its roots and blades.

Rain or water cannot wash off this internal protection!

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

##### PESTICIDE STORAGE

Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet. Protect from freezing.

##### PESTICIDE DISPOSAL

**Nonrefillable Container:** Do not reuse or refill this container.

**If Empty:**

Place empty bag in trash or offer for recycling if available.

**If Partly Filled:**

If it is necessary to dispose of unused product, please call your local solid waste agency or you may call toll-free 1-877-229-3724 for disposal instructions.

Never place unused product down any indoor or outdoor drain.

**Important:** Use all of the product in accordance with label directions. If it is necessary to dispose of unused product, please follow any applicable state or local guidelines.

#### PRECAUTIONARY STATEMENTS

##### CAUTION

##### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

#### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and shrimp. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent runoff to water bodies or drainage systems.

If rinsing spreader with water, return rinse water into treated areas.

#### FIRST AID +

##### IF IN EYES

- Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

##### IF ON SKIN OR CLOTHING

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

##### IF SWALLOWED

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told by a poison control center or doctor.

##### IF INHALED

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

**NOTE:** When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel. You may call toll-free 1-877-229-3763 for medical emergency information. Active ingredient: Propiconazole 0.51% (CAS # 60207-90-1).

**Money Back Guarantee:** If you are not satisfied with this product, we will gladly refund your original purchase price.

**Garantía de devolución de dinero:** Si usted no está satisfecho con este producto, gustosamente le reembolsaremos el monto original del precio de compra.

**SPREADER SETTINGS:** If your spreader is not listed, please call our toll-free Consumer Service Hotline 1-877-229-3724 for help.

**GRADUACIONES DEL ESPARCIDOR:** Si su espardor no figura en la lista, llamar a la línea gratuita del Servicio al Consumidor en el 1-877-229-3724 para obtener ayuda.
