FOR USE: THIS PRODUCT IS READY-TO-USE. NO MIXING REQUIRED. SHAKE WELL BEFORE USING. READ ENTIRE LABEL AND USE ACCORDINGLY.

FOR TREATMENT/PROTECTION ON ANIMAL: This product is intended to be used on horses, ponies, and dogs to control and repel biting and nuisance flying insects. Thoroughly brush the animal's coat prior to application to remove loose dirt and debris. Turn nozzle to ON position. Apply evenly on entire animal with trigger spray, paying particular attention to legs, shoulders, shanks, neck and ears where flies are most often seen. Do not saturate animal. Brush lightly after application. **Do not spray in sensitive areas such as eyes, mouth, nose and genitalia. Do NOT apply on immature animals.** Cover eyes of animal when spraying around its face, or apply this product to a towel and wipe onto skin around face of animal. This product will act as a skin emollient as well, but be careful to avoid spraying open wounds or severe skin irritations. If in doubt, test a small area before making full application. Repeat application as needed.

PRECAUTIONARY STATEMENTS:

KEEP OUT OF REACH OF CHILDREN

Caution-We recommend good safety practices when using any pesticides, such as avoiding contact with eyes and skin and keeping out of the reach of children and pets. If product gets in eyes, flush with water for at least 15 minutes. If on skin, wash with soap and water. If irritation persists, contact a physician. Sensitivities may occur after using any product on animals. If signs of sensitivity occur, bathe the animal in a mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

CAUTION

Allergic reactions to the natural oils in Natures Force have occurred in a small number of horses. If you believe your horse is sensitive to these oils, apply Natures Force to a small area for two consecutive days and observe for any unusual reactions. Discontinue use if a reaction is observed.
