- Advantage II Small Dog: Do not use on puppies under 7 weeks of age or weighing less than 3 lbs.  
 Advantage II Medium Dog: Do not use on puppies under 7 weeks of age or weighing less than 11 lbs.  
 Advantage II Large Dog: Do not use on puppies under 7 weeks of age or weighing less than 21 lbs.  
 Advantage II Extra Large Dog: Do not use on puppies under 7 weeks of age or weighing less than 55 lbs. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing dogs. Individual sensitivities may occur after using ANY pesticide product for dogs.  
 If signs persist, or become more severe, consult a veterinarian immediately. If your dog is on medication, consult your veterinarian before using this or any other product.

**Side Effects:** Monitor your dog after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy) occur, consult your veterinarian or call 1-800-422-9874.

**DO NOT USE ON CATS.** Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.

For consumer questions call 1-800-255-6826.  
 For medical emergencies call 1-800-422-9874.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**RESTRICTIONS:**

- Do not apply more than one (1) tube per treatment, even for larger dogs.
- Do not have contact or allow children to have contact with treated area until completely dry.
- Do not allow children to apply the product.

**HOW TO OPEN** 

1. Be sure tube is at bottom of pouch.
2. Using scissors, cut the pouch across the top and remove tube.

**HOW TO APPLY**

1. Advantage II Small Dog: Use only on dogs 7 weeks and older and weighing 3 – 10 lbs. Do not apply to puppies or dogs weighing less than 3 lbs.  
 Advantage II Medium Dog: Use only on dogs 7 weeks and older and weighing 11 – 20 lbs.  
 Advantage II Large Dog: Use only on dogs 7 weeks and older and weighing 21 – 55 lbs.  
 Advantage II Extra Large Dog: Use only on dogs 7 weeks and older and weighing over 55 lbs. Do not apply to dogs or puppies weighing less than 55 lbs.  
 Do not use on other animals.
2. Dogs should be dry prior to application and remain dry for 24 hours after application.
3. Remove one pouch from the carton. See "HOW TO OPEN" section.
4. Hold tube in an upright position facing away from you and your dog's face and eyes. Pull cap off tube.
5. Turn the cap around and place other end of cap back on tube.

6. Twist cap to break seal, then remove cap from tube.
7. Dogs weighing 3-20 lbs.

The dog should be standing for easy application. Part the hair on the dog's back between the shoulder blades, until the skin is visible. Place the tip of the tube on the skin and gently squeeze to expel the entire contents directly on the skin. *Do not get this product in your dog's eyes or allow your dog to ingest this product.* Do not allow the product to run off the side of the dog.

3-10 lbs.:

11-20 lbs.:

Dogs weighing 21 lbs. and over.

The dog should be standing for easy application. Apply the entire contents of the tube evenly to three or four spots on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the tube on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of solution at any one spot that could cause some of the solution to run off the side of the dog. *Do not get this product in your dog's eyes or allow your dog to ingest this product.*

21-55 lbs.:

Over 55 lbs.:

8. Discard empty tube as described in the Storage and Disposal section.
9. Under normal conditions the product is effective for a month. However, in case of severe flea infestation, retreatment may be necessary earlier than four weeks. Do not retreat more often than once every seven (7) days, not to exceed 4 weekly treatments. After flea control is attained, return to a monthly treatment schedule.

**PRODUCT INFORMATION**

The successive feeding activity of fleas on dogs frequently elicits a hypersensitivity skin disorder known as flea allergy dermatitis (FAD) or flea bite hypersensitivity. Treatment of dogs with Advantage II for dogs kills fleas rapidly, within 12 hours, which may reduce the incidence of this condition.

Advantage II for dogs kills existing fleas on dogs within 12 hours. Reinfesting fleas are killed within 2 hours with protection against further flea infestation lasting for four (4) weeks. Pre-existing pupae in the environment may continue to emerge for six (6) weeks or longer depending upon the climatic conditions.  
 Advantage II for dogs provides multi-stage flea control effectively breaking flea life-cycle stages. Advantage II for dogs kills adult fleas quickly, within 12 hours, inhibits the development of immature flea life stages and prevents them from reaching the biting adult stage. Advantage II for dogs kills chewing lice that infest dogs and puppies, and prevents further infestations. Advantage II for dogs is waterproof 24 hours after application and remains effective following a shampoo treatment, swimming or after exposure to rain or sunlight.  
 To successfully prevent and control fleas, all dogs must be treated with their own dose of Advantage II for dogs.  
 Apply according to label instructions, ensuring that the product is applied to the skin, not on top of the fur.  
 If your dog wears a decorative collar, remove the collar before application, so it doesn't absorb the product.

Remember, your dog needs to be dry at the time Advantage II for dogs is applied and remains dry 24 hours after application.

Even indoor dogs need protection against fleas because you or other pets in the household may bring fleas into the home. Fleas in your dog's environment can re-infest your dog. If you have a flea infestation, consider treating your home and yard with appropriate premise products to protect against fleas.

For optimal control and prevention of fleas on dogs, apply monthly.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in a cool, dry place inaccessible to children and pets.

**Pesticide Disposal and Container Handling:** Nonrefillable container.

**If empty:** Do not reuse or refill this container.

Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or 1-800-422-9874 for disposal instructions.

Never place unused product down any indoor or outdoor drain.
