Airo Pro Sprayer Manual

Safety Notices

Airofog Airopro Professional Sprayers referred to in this document are designed for use by qualified and experienced personnel. Please read this instruction thoroughly before usage.

Safety Instruction

- Keep out reach of children
- Before use, check condition and proper function of the sprayer
- Only pump up and down and maintain sprayer in an upright position or a vertically hanging position
- Do not leave insecticide filled sprayer out in direct sunlight
- Note wind direction when in use to avoid spraying in areas that arent supposed to be treated and yourself
- Never spray into electrical outlets or cable boxes
- When using metal extension close to electrical equipment, pay attention to avoid electric shock
- Do not operate a sprayer that has visible wear on parts
- Always wear personal protective equipment (PPE) when handling dangerous substances
- Application of insecticides should follow manufacturer recommendations and must be in compliance with local regulations in regards to the application of pesticides. We are not liable for consequences of improper application
- When unscrewing cap, never point the lance at others or yourself
- Never blow through clogged nozzles or valves with your mouth
- Before repair and maintenance, drain insecticide and release all pressure from sprayer
- Always replace damaged, or malfunctioning parts

Caution

It is the operator's responsibility to ensure the safe use of the sprayer and that they're fully compliant with national or local regulations governing compression sprayer and applications of pesticides.

AIROFOG USA is not liable for damages that has ocurred due to improper use/repair/maintenance, the use of non-recommended or non OEM parts, and acceptance of damaged/broken sprayers for any reason.

Airofog USA 15074 Aviation Loop Drive Brooksville, FL 34604 USA

Cleaning the sprayer

- Rinse tank thoroughly with water
- · Add water and detergent to the tank
- · Attach pump cap and tighten it
- Shake vigorously to clean inside of tank
- Pressurize the tank
- · Flush the hose and trigger valve
- Empty the tank and refill with clean water
- Flush the hose and trigger valve once more
- Empty remaining water
- Sprayer should be cleaned thoroughly weekly

Pump & trigger valve maintenance

- Piston o-ring and trigger valve o-ring should be greased every 90 days
- Lightly grease threads on the inside of the filler cap with marine or automotive grease every 90 days
- Check valve at the bottom of the pump cylinder for wear or loose fit. This valve prevents liquid from entering pump. If Liquid is leaking into pump, valve should be replaced

Care & Maintenance

After every use

- Empty tank
- Drain the hose and lance
- Carefully inspect all gaskets and hoses as well as the other fittings for wear
- Replace any worn parts as necessary

Clogged nozzle and extension straw

- DO NOT insert metal objects into tip
- Clean with soft bristle brush to free clogs
- Detergents or solvents can be used to soak tip
- DO NOT use ammonia; it can corrode brass
- Run warm water over and into extension straw
- Blow compressed air through the back of the nozzle and extension straw
- Remove strainer housing to access the strainer replace strainer and wash out the housing

Airofog Guarantee

Airofog USA guarantees the Airopro professional sprayers to be free of defects in materials and workmanship to the original purchaser for a period of one(1) year on labor and parts which are not subject to usual wear During this period, AIROFOG USA will replace and/or repair the parts and manufacturer faults on the exclusive judgment of our technical department free of charge

Shipping and dispatch of defect equipment will be at original purchaser's expense

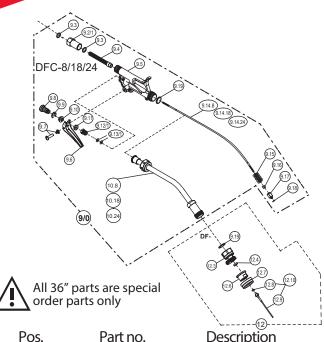

Guarantee does not cover damages occurred during transport or by incorrect handling, tampering, use, or the use of non-recommended products and so on.

Under no circumstances will AIROFOG USA be liable for damages due to improper use or application. Under no circumstances will AIROFOG USA be responsible for damages to any persons or property.
