

Arena[®] INSECTICIDE

Arena[®] 0.25 G Insecticide Granular Spreader Settings

Don't settle for insecticides that give up control early. Get the best control and the longest-lasting residual out there: Arena[®] Insecticide. Arena works both preventively and curatively for outstanding control of white grubs and a broad spectrum of other pests with a single application. Arena delivers:

- Longest residual + preventive and curative grub control
- Broad spectrum control of tough soil- and surface-feeding insects including European & Northern masked chafer, Japanese beetle and other white grubs plus annual bluegrass weevil, crane fly larvae, nuisance ants, billbugs and Southern chinch bugs
- Curative grub control equal to or better than Dylox[®] G
 - Arena 0.25 G does not need to be immediately watered-in post application, saving time and labor
