

- Designed to reduce environmental impact
- Biodegradable & ensures a more sustainable environment
- Contains no harmful methane, glycols, or methanol
- Non-toxic, non-polluting, non-corrosive
- Non chloride/Non conductive
- Developed to lower waste water treatment costs
- Excellent for anti-icing and ice control
- Better for all infrastructure
- Significantly reduces the freeze point of water
- Astounding fast performance
- Lowest COD & BOD (Chemical & Biological Oxygen Demand)
- Effective freeze point  $-63^{\circ}\text{F}$
- Leaves no residue

# CLEAR WAY

**Potassium Formate**  
**- Non Chloride -**

**ALL-PURPOSE  
LIQUID DEICER**

**2.5 GALLON**  
**MODEL # POFO - 2.5P**
