GETTING STARTED: PORTAL

www.bellsensing.com

1 Click on **CUSTOMER LOG IN** button in top right hand corner

2 Click **Don't have an account? Register**
(A) Create New user profile with valid email and set password
(B) Create Company Profile including address and company details

(A)

(B)

3 Create your first account (the site where iQ devices will be used)
(A) **Create Default Account**
– Creates a standard account with your company name and address (this information can be changed later)
(B) **Create Custom Account**
– Create a custom account name with address details

(A)

(B)

4 Check your email for verification link sent by Smart Trap (bstsupport@bellsensing.com) and click the link to activate your profile

NOTE: Only one user per company needs to register. All other users can then be added by the person who registers.

**SCAN TO LEARN HOW TO EDIT
USER ACCESS LEVELS**

NEXT STEP: APP

DOWNLOAD the **Bell Sensing APP**
on a mobile device or tablet

Log in to app with email and password used for the portal

Select
and choose the account
recently created in the portal

Select desired account and
press  to begin service visit

On the home dashboard,
select

START SENSING: ADDING DEVICES

- 1 After selecting , press 
- 2 Select Camera icon  to scan the QR code on the  device
- 3 Select blue arrow and activate the  device sensor according to device type below
- 4 Name device, enter device location, add bait if using a bait station, and add any custom notes to that device and press the blue check mark to add

TECHNICIAN TIP: Enter the same exact device name for same device types and the number will tick up automatically. Using this tip will only require you to type the device name on the first add. (Example: Device Name – Bait Station 001, the next added same device type will automatically add Bait Station and tick the number up to 002). Do not add a number in the device name field.

- 5 Once all devices are successfully added to the account, ensure to go back to the Account Dashboard and click . Finally, click the blue check mark icon in bottom right hand corner of Finish Visit screen and click  to finish the service visit which will send the data to the cloud to ensure all devices are saved to the selected account
