BRANDT

Brandt Blue Shadow SS

The use of BLUE SHADOW SS adds a natural beauty to ponds, lakes, fountains and lagoons, coloring them a natural, beautiful blue/green deep water hue. When applied at the recommended rates, BLUE SHADOW SS will not stain birds or fish and is harmless to humans as well as wildlife.

BLUE SHADOW SS will not disrupt fishing, swimming or irrigation once the product has dispersed. However, do not swim, fish or irrigate from ponds treated with BLUE SHADOW SS until the product has thoroughly dispersed.

Directions

Apply BLUE SHADOW SS at the rate of 1 qt. per 1 surface acre of water 4-8 feet deep, depending on darkness of water desired. This range of rates can accomplish coloration from moderate to total black. Adjust rate as needed.

After measuring the pond or lake, and calculating the amount needed, add approximately half that dosage to several parts of the lake or pond, to insure even dispersion. After half of the dosage is incorporated, add the balance of the colorant until the desired color is achieved.

Wear rubber gloves to protect hands from staining and eye protection when handling BLUE SHADOW SS.

CAUTION KEEP OUT OF REACH OF CHILDREN HARMFUL IF SWALLOWED

Avoid contact with skin. If product comes into contact with skin, wash thoroughly. In case of eye contact, wash thoroughly with clear water. If irritation persists, contact a physician immediately.

STORAGE AND HANDLING

Keep product closed when not in use. Store in a cool, dry location. Do not reuse container.

CONDITIONS OF SALE

Seller's guarantee shall be limited to contents and merchantability of the product and the terms of the label and subject thereto. The buyer assumes any risks to persons or property arising out of use or handling. Because the time, place, rate of applications and other conditions of use are beyond seller's control, seller's liability from storage, handling and use of this product is limited to replacement of product or refund of purchase price.
