BuffaLoam Product Information Sheet

ORGANIC BUFFALO COMPOST

BuffaLoam Organic Buffalo Compost is a natural source of nutrients for your plants. It is a mature and stable compost. Our extended aging process and meticulous turning and testing regimen creates a highly consistent product with high nutrient content and an earthy, soil-like aroma. It is based on our buffalo compost sourced only from our Diamond Tail Ranch in Northern Colorado. To ensure product consistency and purity our buffalo compost contains locally produced wood shavings and is composted for over a year. BuffaLoam products have been developed with a desire to continue the strong renaissance and regrowth of the majestic Bison.

Ingredients: 100% Buffalo Compost and wood shavings

There are no added chemicals, artificial ingredients, unknown fillers, or waste products.

Usage: BuffaLoam Organic Compost can be used as a soil amendment, potting mix component, and as a plant food. It is perfect for potting and repotting houseplants, flowers and transplants.

Benefits: BuffaLoam Organic Buffalo Compost, when used as a soil amendment, will improve the soil structure, moisture holding capacity and nutrient supply.

All BuffaLoam products are OMRI Listed and tested under US Composting Council Testing Assurance Program.

Product Net Weight: 8 pounds
