

# Coburn® Animal Weigh Tapes

Tapes give weight estimates based on heart girth of animal. All Coburn Weigh Tapes are printed on double-thick Tyvek® which is durable, stretch-resistant and will not rip, rot, or mildew.

## Holstein Weigh Tape

**Holstein Weigh Tape** employs the latest data available based on research done at Pennsylvania State University on today's taller and leaner Holstein heifers. Tape has inches/pounds on one side and kilograms/centimeters on the other so the tape can be used as a handy metric converter as well. Printed in both English and Spanish, many helpful livestock tips are included along the length of the tape. Reads weights from 77 lbs./34 kgs to 2125 lbs./985 kgs.

**44555 Holstein Dairy Cow Weigh Tape, Inches/English reversing to Metric/Spanish** bagged with header card.

## Weight-By-Breed Dairy Tape

**Weight-By-Breed Dairy Tape** has three separate scales for Holsteins, Guernseys and Jerseys. It's easy to compare average weights at 3 months and 6 months of age. Determine the lightest recommended breeding weights and the average first calving weights. For weights from 57 to 1975 lbs. Tape is 108" long, doubled and sewn.

**44552 Dairy Tape, Inches/English** bagged with header card.

**44552M Dairy Tape, Metric/Bilingual, Spanish & English**, bagged with header card.

## Holstein Dairy Calf Weigh Tape

**Holstein Dairy Calf Weigh Tape** is for Holsteins from newborn to approximately 12 weeks or 282 lbs./126 kgs. Dual scale tape includes tips for proper calf raising and feeding. 54"/137 cms in length.

**44556 Dual Scale Calf Tape, English**, bagged with header card.

**44556S Dual Scale Calf Tape, Spanish**, bagged with header card.

## Veal Weigh Tape

**Veal Weigh Tape** is handy for checking veal calves for proper time to market. For weights from 65 lbs. to 458 lbs.

**44553 Veal Tape, Inches/English** bagged with header card.

## Hog Tape

**Hog Tape** estimates weights of hogs from 125 to 260 lbs. Accurate for many breeds because it estimates weight using both body length and heart girth. Tape is 60 inches long.

**22511 Hog Tape, Inches/English** bagged with header card.

**TAPE**

#44551

**USE WEIGH TAPES TO**

- Compare weight gain with averages
- Compute feed rations
- Calculate drug dosages
- Determine times for market, breeding, etc.

### HOW TO USE

You don't have to be an expert to weigh animals with Coburn Weigh Tapes. Place tape around animal at the heart girth just behind the front legs. Take up slack but do not tighten excessively. Read weight estimation on the scale. Made of washable, stretch-resistant, rip-stop Tyvek®. Complete instructions printed on tape.
