Do not use indoors or in enclosed areas such as garages, porches or tents. Place candles at least 18 inches apart. Container may become hot; handle carefully. Place on heat-resistant surface away from anything flammable and out of reach of children or pets. Do not move candle while burning or before wax hardens. Always extinguish flame before moving. **Do not BLOW OUT OR use water to extinguish** – smother flammable material to extinguish. Keep wick trimmed to ½ inch or less at all times. Keep candles free of matches or other foreign matter, which may present a fire hazard. Discontinue use when 1 inch of wax remains.
