

72MB SERIES

MOUSE & INSECT GLUE BOARDS

The 72MB Glue Board Series is available in different strengths and with various food grade attractants to fit your needs. Our 72MB Series traps will not harden, even after the release paper is removed, for at least one full year when used under normal conditions.*

*Extreme conditions include exposing traps to extended periods of temperatures that exceed 120° F, or exposure to excessively dusty areas. Under such conditions, the trap will work but may not maintain its effectiveness for long periods.

Packed 72 Boards per Case	
Size 8.5 x 5.25"
