Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Humans: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Remove and wash contaminated clothing before reuse. **Animals:** Do not apply to animals less than 12 weeks old. Consult a veterinarian before applying this

product on medicated, debilitated, aged, pregnant or nursing animals. Avoid contact with eyes. If in eyes, flush with water. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, immediately consult a veterinarian.

Environmental Hazards

This product is toxic to fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

NOTICE: This product contains a chemical known to the State of California to cause cancer, birth defects or reproductive harm.

To the extent not prohibited by applicable law, buyer assumes all risk of use, storage or handling of this product not in strict accordance with this label.

To obtain additional information or in case of an emergency call 1-800-821-5570.

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS, CATS, HORSES AND FOALS**

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not use on horses or foals intended for slaughter.

For Indoor Use

Dogs • Puppies • Cats • Kittens

Do not apply over cuts, wounds or irritated skin. Do not apply near eyes and mouth. Do not apply more than 1 time per day. Apply sparingly around ears. Treatment may be applied on a bandage.

To Kill and Repel Ear Mites: Clean ear to remove built-up wax and dirt. Gently dry ear with a cotton ball or soft cloth and apply a thin film of treatment. The treatment may be applied daily for 7 to 10 days.

To Kill Ticks: Make sure treatment covers ticks.

To Use as a Repellent: Spread treatment lightly on outer and inner surface of the outer ear and between the toes before animals enter infested area. Do not repeat treatment for 3 to 5 days.

Horses • Foals

To Control Ticks, Gnats, Flies, Mosquitoes and Mange Mites: Before application remove dirt or debris by brushing or washing with a mild shampoo. Allow to completely dry. Apply a light film to affected areas daily, massaging into the skin for 2 to 3 days, then apply every 3 to 5 days as needed. Do not apply over cuts, wounds or irritated skin. Do not apply near eyes and mouth. Apply sparingly around ears.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry (preferably locked) place inaccessible to children and pets.

Pesticide/Container Disposal: If empty: Non-refillable container; do not reuse or refill this container. Offer for recycling if available.

If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
