

SUGGESTED USE: A microbial (probiotic) supplement for honey bees to support optimal colony health and honey production. Great to use in spring, fall or during migratory movement.

DIRECTIONS FOR USE:

Mix 6 grams (2 scoops equals 6 grams) of Probiotics Powder thoroughly into 1 quart of cooled sugar water solution, or substitute 6 grams of Probiotic Powder into a patty recipe. Place into hive. 6 grams dry Probiotic Powder can be dusted in hive or put on wax paper and placed on top of frames. Repeat as needed.

Guaranteed Analysis per 6 grams:

Total Lactic Acid Bacteria*, not less than 10 billion colony forming units.

* *Bifidobacterium bifidum*, *Bifidobacterium longum*, *Enterococcus faecium*, *Lactobacillus acidophilus*, *Lactobacillus plantarum*, *Lactobacillus casei*, *Lactobacillus lactis*
