FIFRA Section 2(ee) Recommendation: This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA. It is a violation of federal law to use this product in a manner inconsistent with its label.

This product bulletin must be in the possession of the user at the time of application of the product. All applicable directions, restrictions and precautions on the EPA registered label are to be followed.

LANDSCAPE ORNAMENTALS

Pest	Application Rate Duraflex ZC	
	Fluid Ounces per 1000 square ft.	Fluid Ounces per 100 gallons
Spotted Lanternfly (<i>Lycorma delicatula</i>)	1.0 – 2.0 fl. oz.	43.4 – 87.0

Use Directions:

Apply directly to nymphs and adults and to plant surfaces where they feed and travel. Spray in sufficient water to provide thorough coverage of leaves and stems for best control.

Thoroughly cover the lower trunk and base of trees.

Spotted lanternfly is highly mobile and may reinfest from untreated areas over time.

Repeat treatments should not be made more often than once per 7 days.
