Stay Away® is the first natural pest prevention line made entirely of essential oils and plant fiber. The *earthkind®* promise guarantees effectiveness and safety for humans, pets, and the environment. With no setup or messy cleanup, the *earthkind* patented pouch design delivers a long-lasting, slow release of proven essential oils, reliably keeping pests out of the indoor spaces where we live, work, and play.

Where to Use: Anywhere clothes or linens are stored: drawers, storage chests, linen closets, wardrobes, or other places you would like to prevent them from entering.

How it Works: Adult moths use their smell to locate the ideal environment to lay their eggs — quiet, undisturbed areas with the necessary protein needed for the larva to grow. Stay Away Moths pouches placed in these areas emit a scent pleasant to people, but offensive to moths.

How to Use: Use one pouch per storage container or small closet; two pouches per small room. Increase the number of pouches as needed until desired results are obtained (usually 30-60 days).

Warranty: Money Back Guarantee

If this product does not perform to claims when used as directed, send cash register receipt, UPC code on bottom of box and reason for dissatisfaction to:

Earth-Kind, Inc. Customer Service Dept., 2910 E. Broadway, #19, Bismarck, ND 58501 USA

Note: Do not place directly on furniture or finished surfaces as product may stain.

First Aid: Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with water. Seek medical attention if irritation persists.

Storage & Disposal: Store and transport in an upright position. Store in original container, in a dry place inaccessible to children and pets. Do not reuse empty container — discard in trash.

Other Precautions: This product contains pure essential oils which can be overpowering to some people. Should this occur, simply remove or reduce the number of pouches used.

Notice: Buyer assumes all responsibility for safety and use not in accordance with label directions.

This product has not been registered by the United States Environmental Protection Agency. Earth-Kind, Inc. represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.

I wish to personally thank you for purchasing this product. In doing so, you support American farmers, less advantaged communities and our precious environment. I welcome your comments and suggestions.
