EcoSafe

THE ORIGINAL ECO-BRAND SINCE 1972

PREDATOR

CREATES A "DANGER" ZONE FOR RATS, MICE, and OTHER SMALL VERMIN

Net Wt. 2.5 OZ (70.87 Grams)

Encapsulated Formula

- **Outdoor Use** - Apply product by removing cap and twisting wax upward 1/8 inch. Gently rub product 3" - 6" on fences, trees, rocks, buildings, and similar places every 5 - 10 feet and where practical. Make a complete perimeter circle around structures and as close to infested areas as possible. Reapply every 15 days or as needed.
- **Indoor Use** - Do not use in living spaces or areas where food is prepared or served. Mark baseboards, door jambs, entry and exit doors. Indoor use should be limited to garages, closets, storage closets, attics, crawl spaces. Reapply every 30 days.
- **Precautionary Statements** - Keep away from children. • Avoid contact with skin. • Do not get into open cuts or sores. • In case of eye or skin contact, flush with water.
- **Ingredients** - Made from natural animal pheromones and wax. No preservatives or fragrances added.
