- Easy assembly

HAVE CART, WILL TRAVEL

The EP1000 trolley provides a convenient moveable storage system for the EP1000 professional steam cleaner and includes a 1.3 gallon (5L) additional water capacity that connects directly to the steam cleaner.

ADDED CONVENIENCE

Having all of your tools in one place is reason enough to opt for this functional accessory. Having more than 2 gallons (7.5L) of water on board means less refilling.

Smart. Professional. Reliable. Since 1955.
