16 FL OZ (480 ML)

EcoRaider® Natural Bed Bug Killer is made from organically extracted and enhanced botanical insecticidal compounds that are naturally produced by plants. Formulated with the patented technology, **EcoRaider®** is made to kill 100% of bed bugs, as proven in published studies by leading university entomology lab. **EcoRaider®** only uses ingredients in compliance with FDA GRAS standard and does not contain any toxins or synthetic pesticides that are harmful to you or to the environment. For more information, visit www.ecoraiderusa.com.

Kills bed bugs and other household insects fast and naturally. For use at home, schools, hotels, offices, theaters, stores, health care, daycare, shelters, public transportation and other locations where infestations may occur. May be applied indoors or outdoors. Use only as directed.

DIRECTION FOR USE: Read the entire label and **SHAKE WELL BEFORE USE.** Turn nozzle on to spray. Spray areas where bed bugs or other pests are found or normally occur, including corners of rooms, cracks and crevices on walls, floors and on furniture, especially mattress seams, box springs, bed rails, headboards, bed frames, base boards, night stands or other bedroom furniture. Spray until wet but not soaking. Spray once a week for at least two weeks. Repeat as necessary for prolonged protection or prevention.

CAUTION: Keep out of reach of children. Avoid direct contact with eyes and mouth. May be harmful if swallowed. Do not use if allergic to the product. Scent dissipates in 1-2 hours depending on room size. Product contains water and may damage or decolorize paper, fabric or some delicate surfaces or finishes. Test on small inconspicuous area before application. Avoid spraying on food or food contact surfaces, otherwise wash thoroughly after treatment. May cause leaf burn if applied on plants. **FIRST AID:** If product gets in eyes, flush with clean water. If irritation persists, contact a physician. If swallowed, call a poison control center or doctor immediately.

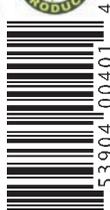

STORAGE AND DISPOSAL: Turn nozzle off to close. Store in original container and avoid heat or direct sunlight. Keep from freezing. Do not reuse container. Offer for recycling if available or discard in trash.

ACTIVE INGREDIENTS:

Natural Geraniol.....	1%
Natural Cedar Oil	1%
Sodium Lauryl Sulfate.....	2%
INERT INGREDIENTS.....	96%
Glycerol Monooleate, Silica Hydrate and Water	

This is a minimum risk pest control product and qualifies for exemption from EPA registration under Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).
