Bed Bug Killer

Proven in a Rutgers University Study & Reported in Pest Control Technology:
The NO.1 Most Effective Natural Bed Bug Killer

EcoRaider™ provides the ultimate solution for eradicating bed bug infestations and it is truly green and safe.

EcoRaider™ is made from organically extracted and enhanced botanical insecticidal compounds that are naturally produced by aromatic plants. Formulated with the most cutting-edge micro-encapsulation technology using boosters derived from natural sources, EcoRaider™ is able to kill bed bugs and their eggs fast without using any toxins.

Therefore, EcoRaider is "the most effective biopesticide" as reported in *Pest Control Technology* and the only natural product that is certified to kill bed bugs with 100% efficacy.

"It seriously WORKED like a charm and I was finally able to sleep through the whole night!"
– From a real customer, Jamaica, NY
