

# ER-3™

by **EcoVenger®**

# Insect Killer

Contains Botanical Active Ingredients

## CONCENTRATE AQUEOUS EMULSION

### ACTIVE INGREDIENTS

Geraniol.....	2%
Cedarwood Oil .....	2%
Lemongrass Oil.....	1%
Sodium Lauryl Sulfate.....	0.4%

**INERT INGREDIENTS.....** 94.6%

Glycerol monooleate, Glyceryl dicaprylate, Silica hydrate and Water

**TOTAL.....** 100%

Quick and high mortality

Long-lasting Larvae control

Extended spatial repellency

Environmental friendly formula

Low odor and non-staining

Green IPM program ready

A Minimum Risk Pest Control Product.

**SHAKE WELL BEFORE USING**

**CAUTION:**

**Keep Out of Reach of Children**

1 Gallon ( 128 FL OZ )

**ER-3** by **EcoVenger®** contains botanical active ingredients extracted from plants. Formulated with patented technology, the product is made to provide triple-action mosquito control including fast kill on contact, lasting larvae control in standing water and extended spatial repellency with lowest possible impact on user and the environments.

The product can also be used indoors or outdoors to control aphids, ants, fleas, lice, mites, and ticks. May be used for in and around structure of environments including but not limited to: residential, commercial, municipal, schools, dormitories, hotels, health care, public transportation and other locations where infestations may occur.

**DIRECTION FOR USE:** Read the entire label and **SHAKE WELL BEFORE MIXING AND USE.**

### **MIXING INSTRUCTIONS AND EQUIPMENT:**

This product should be mixed only with water as instructed. Use equipment such as compressed air sprayers, backpack sprayer, ULV fogger or any non-thermal conventional fogging/spraying/misting equipment. Clean sprayer before use. Shake product well before mixing. Add about half of required amount of water to the tank first and then add the required amount of product, then add the remaining water. Seal tank and agitate well before use. Apply directly on surface to the point of runoff. Suggest using mixed solution within 24 hours and maintain light agitation during use. Rinse equipment tank, hose and nozzle with water after use.

### **PRECAUTIONARY STATEMENT:**

Avoid direct contact with eyes and mouth. May be harmful if swallowed. May cause eye irritation or skin rash on sensitive skin type. Wash hands after use. Do not use if allergic to the product. Product contains aromatic botanical extracts. Scent may be objectionable under prolonged exposure and it can be quickly dissipated with ventilation. For use in non-food areas only of food handling establishments. Do not spray directly on fruit, edible crops or feed use sites. PPE such as goggles and gloves are required when applied by fogging and used indoors in California.

### **FIRST AID**

If product gets in eyes, hold eye open and flush with clean water gently for at least 15 minutes. If irritation persists, contact a physician. If product gets on skin, wash exposed area thoroughly with soap and water. If inhaled, move exposed person(s) to fresh air. If breathing problems persist, get medical attention. If ingested, rinse mouth out with water. If feeling sick, call a poison control center or doctor immediately. In case of spill or leakage, soak up with any absorbent material and dispose in trash.

### **STORAGE & DISPOSAL**

Store upright in original container and keep tightly closed when not in use. Avoid heat or direct sunlight. Do not reuse container. Recycle or discard.

### **MIXING AND APPLICATION RATE**

Pests	Dilution Rate in Water	Application Rate
Mosquitoes and Larvae	4-80Z/gallon	1 gallon /1000 sq ft
Aphids, ants, fleas, lice, mites and ticks	8-240Z/gallon
