

KELP ME KELP YOU™

Nourish Your Garden With Seaweed!

Kelp grows higher than some of the Earth's tallest trees. The teeming aquatic life that flourishes in a kelp bed has just as much diversity as that of a rainforest. Kelp regrows vigorously and is harvested sustainably. Bush Doctor® brings you a natural potion containing micronutrients—specially hand crafted for organic gardening. Kelp Me Kelp You™ is a liquid root drench fertilizer for gardens, drip irrigation and hydroponic systems.

Growing System:	In-ground gardens and container plantings	Hydroponic recirculating systems
How Much:	Mix 1 to 2 teaspoons (5 to 10 mL) per gallon of fresh water.	Mix 1 to 2 teaspoons (5 to 10 mL) per gallon of fresh reservoir water.
How to Use:	Drench soil thoroughly. Apply every other week throughout the vegetative cycle until the first sign of bud development.	Use in conjunction with FoxFarm fertilizers or any nutrient regimen. Flush system every two weeks.

FOR BEST RESULTS: Follow the FoxFarm nutrient feeding schedule available online at www.foxfarmfertilizer.com or at your nearest garden retailer. While you're there, be sure to check out FoxFarm's exceptional line of professional grow products.

Keep out of reach of children. Harmful if swallowed. After using this product, always wash hands and exposed skin with soap and water.
