

Bush Doctor® Microbe Brew™ is a complex blend of ingredients specially formulated to help plants achieve optimum microbial habitats at the rhizosphere or root zone environment. Satisfy your plant's thirst by giving them the nutritional cocktail they deserve.

Growing System:	In-ground gardens and container plantings	Hydroponic recirculating systems
How Much:	Mix 2 teaspoons (10mL) per gallon of fresh water.	Mix 1/2 teaspoon (2.5mL) per gallon of fresh reservoir water.
How to Use:	Drench soil thoroughly. Apply every other week throughout the vegetative and blooming cycles until harvest.	Use in conjunction with FoxFarm fertilizers or any nutrient regimen. Flush system every two weeks.

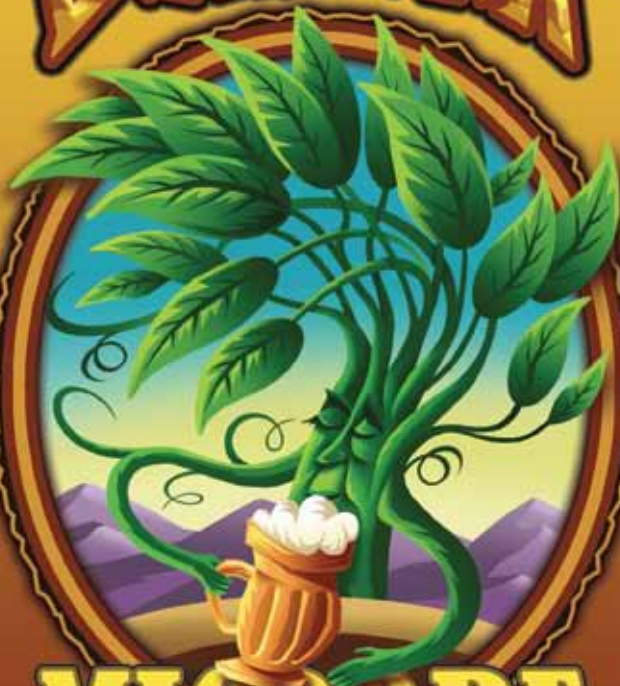

For best results follow the FoxFarm nutrient feeding schedule available online at www.foxfarmfertilizer.com or at your nearest garden retailer. While you're there, be sure to check out FoxFarm's exceptional line of professional grow products.

100% Satisfaction Guaranteed
