Lucky Dog™

For Frisky Plants Follow the FoxFarm Feeding Schedule

HOWLING GOOD STUFF

This light airy blend of peat moss and perlite is the key to every gardener's quandary. How do you get good water retention as well as good drainage? You lucky dog, you're looking at it! Unleash the **Lucky Dog™ K-9 Kube™** and plant directly into this richly amended mix.

The K-9 Kube™ has it all: pedigree ingredients, mycorrhizal fungi and crazy wicked earthworm castings. Our ultra-premium Growers Blend is pH adjusted to ensure optimum nutrient availability to plants.

Lucky Dog™ Growers Blend comes right out of the bale loaded with beneficial microbes that expand root development, which encourages nutrient uptake. The end result is enhanced fruit and flower production.

GOOD DOG!

We unleash a vigorous boost of earthworm castings into every batch of **Lucky Dog™ Growers Blend**. Earthworm castings are alive! A healthy earthworm culture is bursting with regenerative organic material that plants thrive on.

**Send The Pit Bulls Away
Lucky Dog™ is in the House!**

INGREDIENTS

Select sphagnum peat moss, horticultural perlite, earthworm castings, bat guano, oyster shell and dolomite lime (for pH adjustment).

Mycorrhizae Content Propagules per g

Glomus intraradices	0.047
Glomus aggregatum.....	0.047

Glomus entunicatum	0.047
Laccaria bicolor.....	9.35
Laccaria laccata	9.35
Pisolithus tinctorius.....	692.05
Rhizopogon amylopogon.....	9.35
Rhizopogon fulvigleba	9.35
Rhizopogon luteolus	9.35
Rhizopogon villosuli	9.35
Scleroderma cepa	37.41
Scleroderma geastrum.....	37.41
Scleroderma citrinum	37.41
Suillus granulatus	18.70

Bacterial Specifications cfu per g

Bacillus amyloliquefaciens.....	100.2
Bacillus licheniformis	100.2
Bacillus subtilis.....	100.2
Bacillus pumilus	100.2
Bacillus megaterium.....	100.2

Storage: Keep in a cool, dry place. Do not expose to excessive heat or direct sunlight. **Expiration Date:** For maximum microbe activity use within two (2) years from the manufacturer's stamped date.

Keep out of reach of children. Harmful if swallowed. After using this product, always wash hands and exposed skin with soap and water.

K-9 KUBE

HOW TO USE

Use **Lucky Dog™** for rooted cuttings and young plant starts for both indoor and outdoor cultivation. Plant directly into **Lucky Dog™ Growers Blend**.

CONTAINER GARDENS:

Cover drain hole with small rocks or a small shard of broken pottery to ensure good drainage. Add enough **Lucky Dog™** so the plant sits at the correct level. Fill in around root mass up to 1 inch from top of pot. Press gently to secure plant. Water thoroughly and let drain. Do not pack too tightly. Add more if necessary with settling. For re-potting plants, select a container one or two sizes larger than the one being replaced. Loosen roots from the root mass and use the same procedure as above.

HOUSEPLANTS:

Water thoroughly after planting. For exceptional results, feed regularly with Grow Big® Liquid Plant Food.

TREES, SHRUBS AND ROSES:

Select a container 2-3 times the diameter of the plant's root mass and 3-6 inches deeper. Fill the container so that the root mass is positioned at the correct height. Secure plant in place while adding more **Lucky Dog™ Growers Blend** around the root mass until the container is almost full. Press firmly around perimeter of the plant and water thoroughly. Do not pack too tightly. Fill container to the top and water again.
