- The supplemental labeling and the entire **Fendona™ CS Controlled Release Insecticide** container label, EPA Reg. No. 499-570, must be in possession of the user at the time of application.
- Read the label affixed to the container for this product before applying.
- Use of this product according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for this product.
- Refer to this product's container label for additional application instructions and restrictions.

### Outdoor Applications

Inspect and treat where activity is detected including outside surfaces of screens, doors, window frames, or wherever flies enter, contacting as many insects as possible. Also treat surfaces on porches, in garages, and other places where insects are known to congregate. Reapply as necessary, but not more than twice per week. Applications must be at least 3 days apart. Treat known resting areas such as ceilings, upper corners of the area, around windows and doors, and other surfaces. Treat inside and outside surfaces of dumpsters and other trash holding containers. Treat trash storage areas. Apply so as to lightly moisten the

target surface, contacting as many insects as possible. For best results, begin treatments at the start of the fly season and repeat during periods of heavy fly activity.

### Livestock Housing

Treat known fly resting areas including ceilings, screens, upper corners of the area, around windows and doors, and light fixtures on outdoor surfaces and in animal areas such as dog kennels, hog barns, horse barns, empty chicken houses, rabbit hutches, dairy areas, milkrooms, calf hutches, calving pens and parlors, contacting as many insects as possible. Apply as a coarse, wet spray. Using a mixture of 1 fluid ounce of concentrate per gallon of water, apply at a rate of 1 gallon diluted product per 1,000 square feet of surface. For best management practices, initiate treatments at the beginning of the fly season and repeat during periods of heavy fly activity, but not more than twice per week. Applications must be at least 3 days apart.
