

**HOW TO USE GARDENGAIN:** GARDENGAIN is a controlled release fertilizer, developed for the long-term feeding of indoor and outdoor plants.

Potted Plants	
6"	1 tablespoon
10"	3.5 tablespoons
14"	5.5 tablespoons
24"	9.5 tablespoons

In-Ground Plants	
2-3' tall	2 tablespoons
4-5' tall	6 tablespoons
6-7' tall	9.5 tablespoons
10' tall	12 tablespoons

GARDENGAIN should be applied every **4 months**. Spread the fertilizer evenly onto the soil surface and water-in thoroughly after each application. *It should be kept off of the foliage and away from the trunk.* Take care to brush or wash fertilizer granules off leaves to prevent injury (burn). For plant beds, apply one (1) full two pound (2 lbs) bag per 128 square feet.
