

GARSCENTRIA

Insect and Pest Control

Indoor/Outdoor Spray or Fog Treatment

Harnessing the power of organics to fight insects and repel unwanted yard and garden pests. Garscentria by Just Scentsational is primarily designed as a natural alternative treatment which utilizes a unique blend of garlic and essential oils. Garscentria has combined all of the most highly effective essential botanical extracts into one liquid. Garscentria is an effective treatment against mosquitoes, ticks, crawling and flying insects of all types and as a repellent against browsing animal pests and birds. Garscentria can be used full strength in a fogger or diluted 10oz per gallon of water for use in a pump sprayer.
