

GreenWay Food Moth Traps

GreenWay products trap insects without the use of pesticides. GreenWay traps are:

- Ready-to-use
- Long-lasting
- Captures males and females
- Child and pet safe
- Non-toxic

Protect your cereals, nuts, flour, bird seed, and pet food.

This monitoring trap is designed to capture and remove stored food moths.

Place the lure and trap combination where there may be food moth activity.

Replace traps every 2 months or when trap is full. Store unopened lures in a cool, dry area. Traps can be used year round. Each unit contains 2 traps and 2 lures.

Additional GreenWay products:

Clothes Moth Traps • Pantry Patrol Insect Traps • Window Fly Traps • Fruit Fly Traps

Our Promise

GreenWay is committed to solving pest problems by offering alternatives to traditional pesticides.
