

Grow Big

Hydroponic

Mineral Vegetative Fertilizer

3-2-6

- All the benefits of Grow Big, but specifically designed for hydroponic systems
- Allows for pH adjustment without nutrient lock-up
- Micro-nutrient formulation just for tender roots exposed to allow for instant nutrient facilitation
- DERIVED FROM: Potassium Nitrate, Magnesium Nitrate, Potassium Phosphate, Ammonium Phosphate, Ammonium Nitrate, Calcium Nitrate, Earthworm Castings, Norwegian Kelp, Iron EDTA, Zinc EDTA, Manganese EDTA, Copper EDTA, Chelating Agent, Disodium Ethylenediamine Tetra Acetate (EDTA), and Sodium Borate

Available in 1qt, 1gal, 2.5 gal, 5 gal sizes

Recirculating Systems.....	2 teaspoons per gallon of water with every reservoir change.
Heavy Feeding.....	3 teaspoons per gallon of water with every reservoir change.
Supplemental Foliar Feeding.....	1/2 teaspoon per gallon of water every other week. Do not apply while plants are in direct light.
