

DS CONTAINERS 211x713 Decoration Layout

WHITE - VISABLE CAN SUBSTRATE - NO PRINT AREA

OUTDOOR

MOSQUITO

Kills mosquitoes, including Aedes, that may carry and transmit ZIKA virus

8 HOUR CONTROL against West Nile Virus infected mosquitoes

ACTIVE INGREDIENTS:  
Tetramethrin ..... 0.20%  
Phenothrin ..... 0.20%  
OTHER INGREDIENTS: ... 99.60%  
100.00%

KEEP OUT OF REACH OF CHILDREN  
CAUTION: Refer to back panel for additional precautions  
Net Wt. 1 lb (16 oz) (453 g)

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.  
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear long-sleeved shirt and long pants, socks, shoes and gloves. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS  
This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water. Do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area. See Directions for Use for additional precautions and requirements.

PHYSICAL OR CHEMICAL HAZARDS  
Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE  
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
SHAKE WELL BEFORE USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS.

USE RESTRICTIONS:  
• Avoid contamination of food.  
• Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held. Do not apply when food is present. Exposed food should be covered or removed. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use.  
• Do not apply when food is present.  
• Do not water the treated area to the point of runoff.  
• Do not make applications during rain.  
• Remove pets and birds and cover fish aquariums and ornamental fish ponds before spraying and turn aquarium systems off.  
• Do not allow people or pets to enter treated areas until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated.  
• Do not enter or allow others to enter the treated area until the sprays have dried.  
• Wait two (2) hours after application, then open windows, vents and door for two hours. If an odor is still detected, additional ventilation is required.  
• Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.

• All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:  
— Treatment to soil or vegetation around structures;  
— Applications to lawns, turf and other vegetation.  
• All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications only.

OUTDOORS  
Spray area infested with the flies, gnats, mosquitoes and small flying moths. Hold container 18 – 24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at a rate of 1 – 3 seconds per cubic yard of space while moving away from the treated area. To reduce annoyance from these pests, treat open porches and patio in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area.  
GENERAL: When sprayed directly on insects, this spray will kill listed insects (Eastern Tent Caterpillars, Aphids, Cankervorms, Leafhoppers, White Flies, Spider Mites, Japanese Beetles, Mealybugs, Ants, Caterpillars and Boxelder Bugs) on Ornamental Cherries, Spirea, Roses, Crepe Myrtle, Ornamental Crabapples, Andromedas, Azaleas, Chrysanthemums, Gardenia, Purple Passion Vines, Peonies, Oleander and Arborvitae. Take care when spraying tender growth on young plants. WHEN SPRAYING, HOLD CAN 18 – 20 INCHES FROM PLANT. For best results, spray in the evening or on a cloudy day when air is still. Lightly mist the plants, using a slow sweeping motion. Avoid wetting foliage with spray. Spray rows at a rate of 1 foot per second. For heavy growth, spray both sides of row. Do not spray when temperature exceeds 90°F.

INDOORS  
TO KILL FLIES, GNATS, MOSQUITOES AND SMALL FLYING MOTHS: Close all doors and windows and direct spray upward into center of room, using a slow sweeping motion. Spray 5 – 10 seconds for average room. Keep room closed for 15 minutes after spraying. Sweep up and discard fallen insects. Cover exposed food and utensils before spraying.

STORAGE AND DISPOSAL  
Do not contaminate water, food or feed by storage and disposal.  
Pesticide Storage: Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.  
Pesticide Disposal and Container Handling: Do not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.
