

FIRST AID
IF ON SKIN OR CLOTHING - Take off contaminated clothing. Rinse skin immediately with plenty of water for 10 - 15 minutes. Call a poison control center or doctor for treatment advice.
IF IN EYES - Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses after five minutes then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF SWALLOWED - Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED - Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible. Call a poison control center or doctor for treatment advice.
 Have the product container or label with you when calling the poison control center or doctor or going for treatment.

**PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS AND DOMESTIC ANIMALS
 CAUTION**

Causes moderate eye damage. Harmful if absorbed through skin. Do not get in eyes, on skin or clothing. Prolonged or repeated use may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

STORAGE AND DISPOSAL
 Do not contaminate water, food, or feed by storage or disposal.
PESTICIDE DISPOSAL: If empty: Nonrefillable. Do not reuse or refill this container. Place in trash or offer for recycling, if available.
 If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
PESTICIDE STORAGE: Store in a safe location away from children.

DIRECTIONS
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
SHAKE WELL BEFORE USING

Do not use on animals less than 12 weeks of age. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur wash your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. For sarcoptic mange apply once daily for several days. Wear rubber gloves and work well into the skin with a slow, firm finger massage. On areas that respond slowly, use twice daily until healed. For information, call 1-252-747-2911. **IMPORTANT** for best results, disinfect animal's environment. Accompany treatment with periodic check of infection and sound nutritional program. If dermatitis persists consult a veterinarian.
