Special formula for all flowerings, fruiting and colored foliage plants: Anthuriums, Bird of Paradise, Bougainvilleas, Flowering Vines, Lilikoï, Ginger, Hydrangeas, Mums, Plumeria, Tomatoes, Impatiens, Annuals, Perennials and Bulbs.

**Hawaiian Bud & Bloom is highly recommended as a starter and transplant solution.**

**FEEDING DIRECTIONS:** Use hose-end feeder, sprinkling can or siphon injector system.

**Foliar spray:** Dissolve 1 level tablespoon per gallon of water. Apply as full coverage spray to wet leaves. If ground is dry, water thoroughly before feeding. Apply every two weeks or monthly during growing season as needed.

**Soil Drench:** Dissolve 1 level tablespoon per gallon of water; apply to base of plant under drip zone of leaves.

**Siphon System:** Injector ratio 1:15, mix 4 ozs. of Bud & Bloom per gallon of solution concentrate.

**Hose-End Feeder:** Use feeder that has been designated for water-soluble fertilizer. Feed with criss-cross sweeping patterns.
