Hi-Yield®

IRON **PLUS** SOIL ACIDIFIER

YELLOW TO GREEN FAST!

- Alkaline And Calcareous Soils Only
- For Lawns, Flowers, Trees, Shrubs And Citrus
- Corrects Yellowing Of Plants And Grass – Turns Yellow To Green
- Fast-Green Formulation
- Will Not Burn If Used As Directed

IMPORTANT FACT

THE EFFECTIVENESS OF ANY PLANT FOOD IS LINKED TO THE pH OF THE SOIL
Lowering the pH in Alkaline & Caliche Soils Results In More Beautiful Lawns, Trees, Shrubs & Flowers

NET WEIGHT 4 LBS. (1.81 KG)

KEEP OUT OF REACH OF CHILDREN

IRON PLUS SOIL ACIDIFIER

YELLOW TO GREEN FAST!

SOIL ACIDIFIER

IDEAL FOR LAWNS, ROSES, FLOWER BEDS, TREES, CITRUS AND SHRUBS

WILL NOT BURN IF USED AS DIRECTED

Excessive alkalinity, as evidenced by lack of normal plant coloration (often referred to as Iron Chlorosis or "yellowing"), stunted growth, poor flowering and fruiting, and a generally poor response to fertilization treatment can be corrected by proper use of **HI-YIELD® IRON PLUS**. If desired, a laboratory capable of analyzing soil samples for pH can be used at a reasonable cost to determine the alkalinity level in the soil.

DIRECTIONS FOR USE

FOLLOW ALL TREATMENTS WITH SUFFICIENT WATERING TO MOVE THE PRODUCT THROUGH THE SOIL DOWN TO THE ROOTS OF THE PLANTS

LAWNS, SHRUBS, ROSES, AZALEAS, RHODODENDRONS AND CAMELIAS

For ornamental beds, make application using a hand held spreader such as the ferti•lome® Yard Right Hand Held Spreader. Place the amount (lbs.) in the spreader per the alkalinity levels listed below and apply per 100 sq. ft. Adjust setting selector to 2. Apply product.

In Mildly Alkaline Soil: (pH 7.4 to 7.8) - Apply ½ - 1 lb. per 100 sq. ft.

In Moderately Alkaline Soil: (pH 7.9 to 8.4) - Apply 1 - 1 ½ lbs. per 100 sq. ft.

In Strongly Alkaline Soil: (pH 8.5 and up) - Apply 1 lb. per 200 sq. ft.

For lawns, apply with a drop or broadcast (rotary) fertilizer spreader. Apply the product at a rate of 1 lb. per 100 sq. ft. This bag will cover up to 400 sq. ft. of lawn area. Follow By Subsequent Treatment As Needed.

POTTED PLANTS

4" – 8" Containers - 1 teaspoon per container

8" – 12" Containers - 2 teaspoons per container

TREES, CITRUS AND SHRUBS

Use 2 ounces (4 Tablespoons) **HI-YIELD® IRON PLUS** for the average shrub, working into the top 2 to 4 inches of the soil around the shrub. For trees up to 3" in trunk diameter, use 6 ounces (12 Tablespoons) of **HI-YIELD® IRON PLUS** per inch diameter. For trees 4" or more in trunk diameter, use 8 ounces (16 Tablespoons) per inch diameter—equally applied in holes 10 to 12 inches deep around the drip line of the tree. **IMPORTANT: Water shrubs and trees thoroughly after application, to get into the root zone.**

APPLICATION EQUIPMENT AND INSTRUCTIONS

This product can be applied with a drop or broadcast (rotary) type spreader. For best results, apply this product evenly and uniformly over the turfgrass (lawn) area avoiding streaks, skips or overlaps.

Before each application, determine the correct amount (lbs.) of product to place in the spreader hopper for the area to be treated. For example, if the label states to apply 1 lb. per 100 sq. ft. and your area to treat is 200 sq. ft. then place 2 lbs. of product in the hopper and set the spreader setting at 10 (per table below) if using an Accugreen drop spreader.

A more uniform application can be made by spreading one-half of the recommended amount of this product over the turfgrass area and then applying the remaining one half of the product at a right angle to the previous application direction.

NOTE: The spreader settings listed below are approximate. The speed at which you walk and the working conditions of the spreader will affect the rate of application.

Spreader	Spreader Settings
	1 lb. of product per 100 sq. ft.
Scotts®/ Republic Accugreen (Drop)	10
Scotts®/ Republic Speedy Green (Broadcast)	9 ½
ferti•lome®/ Earthway Ev-N-Spred (Broadcast)	16

CAUTION

KEEP HI-YIELD® IRON PLUS AND ALL FERTILIZERS OUT OF REACH OF CHILDREN

CAUTION: AVOID INHALATION AND INGESTION. USE EYE PROTECTION AND DUST RESPIRATOR, FULL BODY CLOTHING AND GLOVES WHEN HANDLING. PROLONGED CONTACT MAY CAUSE IRRITATION OF EYES, NASAL PASSAGES AND SKIN. KEEP AWAY FROM CHILDREN AND ANIMALS. AVOID SPILLING OR SPREADING ON CONCRETE WALKS, DRIVEWAYS, PLASTER POOL SURFACES OR MASONRY LAWN ORNAMENTS. VOLUNTARY PURCHASING GROUPS, INC. RECOMMENDS THAT EXTRA CAUTION BE TAKEN WITH THE APPLICATION OF THIS PRODUCT WITH A BROADCAST SPREADER. SWEEP ANY SPILLED PORTION, OR SWEEP AWAY WITH A MECHANICAL LEAF BLOWER BEFORE ALLOWING WATER TO COME IN CONTACT WITH THE MATERIAL TO AVOID STAINING. **HI-YIELD® IRON PLUS** WILL STAIN SHOES, CLOTHING, FURNITURE AND AUTOMOBILES. USE CARE TO AVOID CONTACT OF THIS MATERIAL WITH ANY ITEM OR MATERIAL.

CONDITIONS OF SALE
