

iDESTROY WOOD

WITH A SINGLE STRIKE

New iSTRIKE™ Insecticide Foam is your go-to product for wood destroying organisms (WDO). The easy-to-use can comes with an applicator hose and two tips: one for narrow cracks and crevices or small holes, and a wide tip for larger holes and wider area application. Use iSTRIKE when you see wood boring beetles, carpenter bees, subterranean or drywood termites, or listed ants. iSTRIKE kills on contact as the foam fills the galleries, voids and holes and leaves a residual to continue protection.

Two iSTRIKE tips included

Remember, always read, understand and comply with the label. iSTRIKE and Nisus Corporation are trademarks or registered trademarks of Nisus Corporation. ©2017 Nisus Corporation #IS-SS-0517
