Nature-Cide®

FLEA & TICK INSECTICIDE

Nature-Cide Flea & Tick Insecticide is an all natural Flea & Tick killer. A light, gentle spray or stream in any problem area will Kill by Contact Ticks (brown dog) and Fleas (cat flea adults and larvae). Nature-Cide Flea & Tick is Non-Hazardous and Non-Flammable! There are no known health risks to humans, animals or the environment when this product is used as directed.

DIRECTIONS FOR USE

ALWAYS SHAKE WELL BEFORE USE.

FLEA & TICK AREA TREATMENTS: Adjust nozzle to 'spray' and apply product to pet beds, pet resting areas, nearby cracks and crevices, and floors around pet activity. Thoroughly treat areas where pets and wild animals rest.

FLEA & TICK DIRECT PET TREATMENTS: Do not apply treatment directly to eyes, open wounds, or abrasions. Spray your pet with the nozzle about 8" to 12" away from the animal. Start by spraying the animal from the tail and working toward the torso. Make sure to treat the entire coat of the animal including legs, tail and underbody. Fluff the hair backward to help the spray penetrate through the coat and down to the skin. Do not spray in the face, eyes, genitals, or apply to pets under twelve (12) weeks old. Repeat as necessary. Pets may be treated indoors or outdoors. In order to help reduce the occurrence of fleas and ticks, this product is best if used year round. Sensitivities may occur after using ANY product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, immediately consult a veterinarian. Consult a veterinarian before using this product on medicated, debilitated, aged, pregnant or nursing animals.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area out of reach of children.

DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, otherwise, discard in trash.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor for treatment.

You may also contact 1-800-222-1222 for emergency or medical treatment information.
