For Leather, Suede & Nubuck

Saturates deeply to protect from water,
slush, mud and salt

Will not change color, feel or breathability
of leather or fabric

Net Contents:
8 oz. (236 mL)

WATER REPELLENT

Water and stain protection for leather, suede and nubuck. Saturates leather to protect from the inside out. Does not contain silicone, waxes or oils. For best results, clean item with Leather Therapy® Wash before applying Leather Therapy® Water Repellent.

DIRECTIONS FOR USE: Shake before using. Surface to be sprayed must be completely dry and free of waxes. For best results on suede or nubuck, brush nap thoroughly before application. Apply to leather surfaces including seams and leather soles of boots and shoes. Use a sponge to even-out application if necessary. After first coat has dried, apply a light second coat. Allow to dry thoroughly at room temperature (above 60°F) for several hours. Repeat treatment as needed.

IMPORTANT: Always test in a hidden area first. Non-flammable.

Care Tip: For quick results, gently dry the treated area with a hair dryer set to "warm" and "low".

USE ON SUEDE: Spray lightly and evenly on suede. When completely dry, be sure to lift nap gently with a bristled brush.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Do not ingest. In case of contact with eyes, flush with plenty of water. Wash hands after use. Use in ventilated area. Keep from freezing. Dispose of container properly.
