

SPECIMEN LABEL

AUXILIARY SOIL AND PLANT SUBSTANCE
NON-PLANT FOOD INGREDIENT
CONTAINS NON-PLANT FOOD INGREDIENT.

ACTIVE INGREDIENTS:

Contains eight (8) species of mycorrhizal fungi:

Glomus intraradices.....	minimum 17 propagules/ cm ³
Glomus mosseae.....	minimum 17 propagules/ cm ³
Glomus aggregatum.....	minimum 17 propagules/ cm ³
Pisolithus tinctorius.....	minimum 3.2 million propagules/cm ³
Rhizopogon villosulus.....	minimum 80,000 propagules/cm ³
Rhizopogon luteolus.....	minimum 80,000 propagules/cm ³
Rhizopogon amylopogon.....	minimum 80,000 propagules/cm ³
Rhizopogon fulvigleba.....	minimum 80,000 propagules/cm ³

35.0%.....Kelp Extract (Ascophylum nodosum powder)

35.0%.....Humic Acids (Derived from Leonardite.)

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Inside Panel for Additional Precautionary Statements.

Store under cool, dry conditions. Do not expose inoculum to direct sunlight for extended periods of time. Use within 2 years of purchase. Use solution with in 72 hours of mixing with water. Always wear a dust mask when handling.

MANUFACTURED FOR:

HELENA CHEMICAL COMPANY
225 SCHILLING BOULEVARD, SUITE 300
COLLIERVILLE, TENNESSEE 38017

GENERAL INFORMATION

MYCO-SOL® Soil Drench Inoculum contains beneficial ecto- and endomycorrhizal fungi which greatly expand the surface absorbing area of plant root systems allowing greater access to soil nutrients and water, while protecting plants from environmental stress. MYCO-SOL® Soil Drench Inoculum contains specifically selected mycorrhizal species in combination with humic and kelp extracts that increase plant productivity, quality and sustainability. MYCO-SOL® Soil Drench Inoculum is an easy to use powder that is mixed with water and used as a soil drench in porous soils.

Application Rates

Nursery Use:

Add 1 lb. of ingredients to 200 gallons of water. Stir well or agitate. Use as a soil drench in porous media. Each pound treats 4000 square feet.

Soil Injection Use:

Add 1 lb. of ingredients to 100 gallons of water. Stir well and agitate. Inject 3 to 12 inches beneath the soil into rooting zone using spray pattern for deep root feeding. Continue to stir occasionally to keep inoculum evenly suspended.

B & B Plantings:

Add 1 lb. of ingredients to 100 gallons of water. Stir well or agitate. Spray or pour on the root balls before backfilling.

Statement of Claims: Helena Chemical Company certifies that this product contains eight species of mycorrhizal fungi: Glomus intraradices, Glomus mosseae, Glomus aggregatum at a minimum rate of 17 propagules/cm³ each; Pisolithus tinctorius at a minimum rate of 3.2 million propagules/cm³; and Rhizopogon villosulus, Rhizopogon luteolus, Rhizopogon amylopogon, Rhizopogon fulvigleba at a minimum rate of 80,000 propagules/cm³ each. The Mycorrhizal symbiosis is sensitive to environmental conditions and Helena Chemical Company is unable to make any guarantees beyond the above statement.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale - Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

This label is believed to be reliable and should be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
