Fipronil*: [5-Amino-1-(2,6-dichloro-4-[trifluoromethyl] phenyl)-4-(1, R, S)-(trifluoromethyl) sulfinyl)-1H-pyrazole-3-carbonitrile]

ACTIVE INGREDIENT:

FOR USE IN COMMERCIAL, INDUSTRIAL AND RESIDENTIAL AREAS

ANT BAIT STATIONS

DIRECTIONS FOR USE

1. Simply place each bait station indoors or outdoors (adjacent to the home or structure) immediately next to ant trails or close to areas where ants are numerous. Nests are usually located in dark, humid and well- sheltered places such as attics, basements, and crawl spaces. Infestations are often found in bathrooms, kitchens, and other areas of houses and other similar establishments.

2. Indoor Use: For normal infestations, you should use 3 MAXFORCE FC Ant Bait Stations in an average size room. For heavier infestations, you will need additional bait stations in each room. If infestation persists, an increase in the number of bait stations may be necessary. If more than 3 bait stations are needed, add 1 or 2 per room. Bait stations can be used in any room.

3. Outdoor Use: Bait stations should be placed adjacent to the home or structure near ant activity or anywhere ants may gain access to the home or structure. Application sites include electrical conduits, vents, pipe mounds, garbage cans, and trees; along walls, window sills, sidewalks, and driveways; on ground around home or structure.

4. The bait stations can be stuck to a vertical surfaces by removing the easy peel and stick adhesive covering from the bottom of the station.

5. Do not spray the bait stations. Avoid placing the bait stations on freshly sprayed surfaces.

6. Increased ant activity may be seen near the bait stations immediately after placement for 1-2 hours. Once the ants are attracted, they will die in 2-5 days. Bait stations where the bait has been completely consumed and relocate bait stations that show no evidence of ant feeding.

7. Inspect all bait stations and replace as needed for continuous control of ants.

8. Tear here to open

STORAGE AND DISPOSAL:

MAXFORCE® FC Ant Bait Stations are not intended for household use except as specifically listed on this label. In zoos and pet shops, place bait stations out of reach of zoo animals and pets.

SAFE HANDLING INSTRUCTIONS

CAUTION: SEE PRECAUTIONS BELOW

KEEP OUT OF REACH OF CHILDREN

FIRST AID

CAUTION

If in eyes:

• Hold eye open and rinse slowly and gently with water for 15-20 minutes.

• Call a poison control center or doctor for treatment advice.

If on skin:

• Take off contaminated clothing.

• Rinse skin immediately with plenty of water for 15-20 minutes.

• Call a poison control center or doctor for treatment advice.

If inhaled:

• Get fresh air.

• Call a poison control center or doctor for treatment advice.

If swallowed:

• Do not induce vomiting.

• Call a poison control center or doctor for treatment advice.

If on clothing:

• Take off contaminated clothing.

• Rinse clothing immediately with plenty of water for 15-20 minutes.

• Call a poison control center or doctor for treatment advice.

DISPOSAL:

Wrap bait stations in several layers of newspaper and discard in trash. PESTICIDE DISPOSAL:

Store in a cool dry area out of reach of children. STORAGE:

MAXFORCE® FC Ant Bait Stations are available in a resealable bag containing 24 child-resistant bait stations. Total Net Weight: 0.05 Oz (1.5 g) per unit. Net Weight: 24 Child-Resistant Bait Stations.
**ANT BAIT STATIONS**

**FOR USE IN COMMERCIAL, INDUSTRIAL AND RESIDENTIAL AREAS**

**ACTIVE INGREDIENT:** Fipronil: [5-Amino-1-(2, 6-dichloro-4-phenyl)phenyl]-4-(1, R, S)-(trifluoromethyl) sulfinyl)-1H-pyrazole-3-carbonitrile

**Other Ingredients:** 99.99%

**TOTAL:** 100.00%

**ANT BAIT STATIONS**

**CAUTION:** See Precautions Below

**FIRST AID**

- **If swallowed:** Do not induce vomiting. Give 2-3 ounces of water if necessary, then call a poison control center or doctor for treatment advice.
- **If inhaled:** Remove to fresh air. Call a poison control center or doctor for treatment advice.
- **If skin contacted:** Wash with soap and water. Call a poison control center or doctor for treatment advice.
- **If eyes contacted:** Remove contact lenses, if present, after the first 5 minutes. Hold eye open and rinse slowly and gently with water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**PRODUCT INFORMATION**

- **STORAGE AND DISPOSAL:**
  - **STORAGE:** Store in a cool dry area out of reach of children.
  - **PESTICIDE DISPOSAL:** Wrap bait stations in several layers of newspaper and discard in trash.
  - **WRAP IN PAPER AND DISCARD IN TRASH**

**DIRECTIONS FOR USE**

1. Simply place each bait station indoors or outdoors (adjacent to the home or structure) immediately next to ant trails or close to areas where ants are numerous. Nests are usually located in dark, humid and underbrushed areas. Bait stations can be stuck to a vertical surface by removing the easy peel and stick adhesive covering from the bottom of the station. Do not spray bait stations. Avoid placing the bait stations on freshly sprayed surfaces.

2. **Indoor Use:** For normal infestations, you should use 3 MAXFORCE FC Ant Bait Stations in an average size room. For heavier infestations, you will need additional bait stations in each room. If infestation persists for over 30 days, you may need to use an ant control product in the home or structure.

3. **Outdoor Use:** Bait stations should be placed adjacent to the home or structure near ant activity or anywhere ants may gain access to the home or structure. Application sites include electrical conduits, vents, pipe mounds, garbage cans, and trees; along walls, window sills, sidewalks, and driveways; on ground around home or structure.

4. The bait stations can be stuck to a vertical surface by removing the easy peel and stick adhesive covering from the bottom of the station.

5. Increased ant activity may be seen near the bait stations immediately after placement for short periods but you can expect to see less activity within three days. After placement, ant trails may be observed between the bait stations and the nests. For best results do not place bait stations where the bait has been completely consumed and relocate bait stations that show no evidence of ant feeding.

**PRECAUTIONS STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- **CAUTION:** Use bait stations with extreme caution. Be sure to read and follow all directions for use, conditions, disclaimer of warranties and limitations of liability before using this product. Do not use the product in a manner inconsistent with its labeling. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**HAZARDS TO THE ENVIRONMENT**

- **CAUTION:** Use of this product in or near bodies of water is not recommended.

**DISCLAIMER OF WARRANTIES**

- **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROPSCIENCE LP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF ANY KIND, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. BAYER CROPSCIENCE LP DISCLAIMS ALL OTHER WARRANTIES AND REPRESENTATIONS WITH RESPECT TO THE PRODUCT IN ANY OTHER FORM, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED.

**LIMITATIONS OF LIABILITY**

- **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROPSCIENCE LP DISCLAIMS ALL LIABILITY WHATSOEVER FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.**

**IMPORTANT: READ BEFORE USE**

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. Total: 0.05 Oz (1.5 g) per unit

Other Ingredients: Fipronil*: [5-Amino-1-(2, 6-dichloro-4-trifluoromethyl)phenyl]-4-(1, R, S)-(trifluoromethyl) sulfinyl)-1H-pyrazole-3-carbonitrile] 0.01%

TOTAL: 100.00%

ACTIVATION INGREDIENT:

FOR USE IN COMMERCIAL, INDUSTRIAL AND RESIDENTIAL AREAS

DIRECTIONS FOR USE

1. Simply place each bait station indoors or outdoors (adjacent to the home or structure) immediately next to ant trails or close to areas where ants are numerous. Nests are usually located in dark, humid and protected areas. Place stations on or near the walls 1 1/2" from floor and 1" from ceiling. Avoid placing bait stations on freshly sprayed surfaces. Place stations in areas that are not too moist or too dry. Avoid covering bait stations with newspapers, boxes, baskets or other items.

2. Indoor Use: For normal infestations, you should use 3 MAXFORCE FC Ant Bait Stations in an average size room. For heavier infestations, you will need additional bait stations in each room. If infestation persists, do not place additional bait stations until the existing stations have been completely consumed. Reseal stations where the bait has been completely consumed and relocate bait stations that show no evidence of ant feeding.

3. Outdoor Use: Bait stations should be placed adjacent to the home or structure near ant activity. Bait stations can be stuck to walls, benches, etc. by removing the easy peel and stick adhesive covering from the bottom of the station.

4. The bait stations can be stuck to a wall or other vertical surfaces by removing the easy peel and stick adhesive covering from the bottom of the station.

5. Do not spray the bait stations. Avoid placing the bait stations on freshly sprayed surfaces. Increased ant activity may be seen near the bait stations immediately after placement for 1-3 days.

6. Place the bait stations in a location that is accessible to the ants but out of reach of pets and children.

7. Inspect all bait stations and replace as needed for continuous control of ants.

8. If in doubt, consult a pest management professional or a state or local regulatory agency before using this product.

FIRST AID

• Call a poison control center or doctor for treatment advice.

• Remove contact lenses, if present, after the first 5 minutes.

• Hold eye open and rinse slowly and gently with water for 15-20 minutes.

• Rinse skin immediately with plenty of water for 15-20 minutes.

• Take off contaminated clothing.

If on skin:

• Wash thoroughly with soap and water after handling bait stations.

If in eyes:

• Call a poison control center or doctor for treatment advice.

• Do not rub the eye. Wash the eye with mild soap and water for 20 minutes.
