Stop Animal Damage!

This bottle will cover approximately 3,600 sq. ft.

EFFECTIVE AGAINST

This product is a highly effective solution for preventing foraging, bedding, entry and droppings damage caused by **most breeds of dogs and cats** when used according to the following directions. **1:** Shake container well before using. **2:** Flip up tab on container to open, and, while gripping handle, shake side to side to release product. **3:** Apply product liberally to dens, entries, lawns and around plant areas that need protection. When using near edible crops, apply a perimeter application. **4:** Repeat application as needed, usually every 30 days. **NOTE:** Due to possible allergic reaction to one or more of the ingredients used to make this product, do not apply to plants that are grown for human or animal consumption. When applying, ensure that the product does not contact food plants. It may, however, be used on dormant fruit and nut trees. This product works by smell, taste and feel.

If for any reason, you are not 100% satisfied, Messinas will refund the suggested retail price or replace this product within thirty days of the date of purchase. Messinas will not be liable for any damage, direct or indirect. Refund or replacement of product is our only obligation. To request refund, mail the bar code from this package along with a copy of your receipt within 30 days of purchase to the address below. Limit one per household.

Patent Pending

Messinas represents that this product is exempt from registration with the Federal Environmental Protection Agency under FIFRA Section 25(b) regulations.

Store at room temperature. To reduce contact with skin, always wear gloves when handling. In case of eye contact or prolonged exposure to skin, flush thoroughly with water to reduce irritation. If swallowed, drink a glass of water. Buyers guarantee limited to label claims. When finished with contents, rinse this container and recycle.
