

## Keep Out of Reach of Children

**Indications:** A mild laxative for the lubrication of the intestinal tract.

**Usage:** Feed grade livestock remedy.

### Dose Chart:

Horse	1 quart
Cattle	1 quart
Sheep	5 ounces
Hogs	1 pint
Dogs (small / toy breed)	1 ounce
Dogs (large / adult)	2 ounces

**Caution:** Exercise care in administering to avoid aspiration into the lungs and possible foreign body pneumonia. Prolonged use or frequent repeat use may interfere with normal absorption of nutrient from digestive tract.

**Warning:** Not recommended for frequent or extended repeated administration. If condition persists, consult veterinarian.

**Response:** IF IN EYES, rinse thoroughly with water, also under eyelids. IF INGESTED, do NOT induce vomiting. Clean mouth with water and afterwards, drink plenty of water. Never give anything by mouth to an unconscious person.
