

Introducing

Ramik[®] ground squirrel bait

**KILLS CALIFORNIA
GROUND SQUIRRELS**

Weather-Resistant Rodenticide

- 0.005% Diphacinone based rodenticide
- Specifically labeled for control of California Ground Squirrels
- Weather-Resistant Rodenticide
- Non-restricted use
- Packaged in a 4lb resealable pouch

Key Features:

- Specifically labeled and formulated to control Ground Squirrels
- Contains the first generation active ingredient Diphacinone approved for unrestricted use
- No wax nugget formulation provides high palatability while still providing a weather-resistant rodenticide
- Outperformed competition in head to head trials in acceptance of bait which equals greater palatability for Ramik Ground Squirrel Bait

*Nuggets outperform pellets in
head to head acceptance testing.*
