

All-natural **Naprovit PRO Plus™** controls mosquitoes, spiders, wasps, hornets, midges (No-see-ums), gnats and many other types of small flying insects on contact. Unlike traditional insecticides which contain dangerous carcinogens and toxins, **Naprovit PRO Plus™ is non-toxic and poses no adverse risks to humans, pets, plants or the environment.** Nevertheless, it's deadly to insects and does not contribute to insecticide tolerance or resistance in insects.

MINIMUM RISK PESTICIDE: Naprovit PRO Plus™ ingredients are compliant with the criteria for the EPA's FIFRA 25(b) exemption from registration as a pesticide.

DIRECTIONS for use in misting equipment: For best results, mix 1 gallon of **Naprovit PRO Plus™** with 54 gallons of fresh water. Do not over or under dilute.

Ingredients (Concentrate):

Active Ingredients.....(8.8%):
Sodium Lauryl Sulfate6.4%
Soybean Oil.....1.6%
Corn Oil.....0.8%
Inactive Ingredients.....(91.2%):
Water86.4%
Other natural extracts.....4.8%
