Nitrate of Soda

DIRECTIONS FOR USE

HI-YIELD® NITRATE OF SODA is a fast-acting and non-acid forming source of Nitrogen that promotes vigorous growth and dark green foliage on vegetables, flowers and shrubs.

FOR VEGETABLES, FLOWERS AND SHRUBS

Apply 1 lb. of **HI-YIELD® NITRATE OF SODA** per 100 sq. ft. Work well into the top 4 to 5 inches of soil and water thoroughly. Do not allow granules to come in direct contact with plant foliage.

This product is not intended for nor recommended for container grown plants.

Hi-Yield® is a registered trademark of Voluntary Purchasing Groups, Inc.
